

# Relative constructions and unbounded dependencies

RODNEY HUDDLESTON  
GEOFFREY K. PULLUM  
PETER PETERSON

- 1 Terminological preliminaries** 1033
- 2 Types of relative construction** 1033
  - 2.1 Formal types: *wh*, *that*, and bare relatives 1034
  - 2.2 The relational types: integrated, supplementary, cleft, and fused 1034
  - 2.3 Finiteness 1036
- 3 The form of relative clauses** 1036
  - 3.1 Relativisation 1037
  - 3.2 Relative words, relative phrases, and upward percolation 1039
    - 3.2.1 Type I: from complement of preposition to PP (*behind which*) 1040
    - 3.2.2 Type II: from PP complement of noun to NP (*the result of which*) 1040
    - 3.2.3 Type III: from PP to AdjP (*prominent among which*) 1042
    - 3.2.4 Types IV and V: from NP to non-finite (*to refute which*, *passing which*) 1043
    - 3.2.5 Type VI: from genitive *whose* to NP (*whose essay*) 1043
    - 3.2.6 Type VII: from determinative *which* to NP (*which suggestion*) 1043
  - 3.3 What can be relativised 1044
  - 3.4 Relativisation of an element within an embedded clause 1046
  - 3.5 The formal types: *wh*, *that*, and bare relatives 1047
    - 3.5.1 *Who* and *which* 1048
    - 3.5.2 *Whose* 1049
    - 3.5.3 Other relative words 1050
    - 3.5.4 The choice between the *wh* and non-*wh* constructions 1052
    - 3.5.5 Non-*wh* relatives: presence or absence of *that* 1054
    - 3.5.6 *That* as a subordinator (not a relative pronoun) 1056
- 4 The distinction between integrated and supplementary relative clauses** 1058
  - 4.1 Major syntactic differences 1059
  - 4.2 Meaning and use 1063
  - 4.3 Linear position 1066
- 5 Infinitival relative clauses** 1067
- 6 The fused relative construction** 1068
  - 6.1 Fused relatives as phrases, not clauses 1068
  - 6.2 Fused relatives contrasted with open interrogatives 1070
  - 6.3 Syntactic analysis 1073
  - 6.4 Relative words in the fused construction 1074
- 7 Unbounded dependency constructions** 1079
  - 7.1 Definition and taxonomy 1079

- 
- 7.2 Gaps and antecedents 1082
  - 7.3 Location of gaps 1088
  - 7.4 Nested dependencies 1094
  - 7.5 Parasitic gaps 1095
