- 1 The structure of coordinate constructions** 1275
 - 1.1 Coordinations, coordinates, and coordinators 1275
 - 1.2 Layered coordination (*Kim and either Pat or Jo*) 1278
 - 1.3 Syntactic constituency and semantic scope 1280
 - 1.3.1 Clausal and subclausal coordination 1280
 - 1.3.2 Joint coordination (*Kim and Pat are a happy couple*) 1281
 - 1.3.3 NPs with discrete set interpretations (*new and second-hand books*) 1283
 - 1.3.4 Constituent structure and scope ambiguities (*long poems and essays*) 1285
 - 1.4 Order of coordinates 1287
- 2 Coordinators and related linking items** 1289
 - 2.1 Properties of prototypical coordinators 1289
 - 2.2 *And* and *or* 1293
 - 2.2.1 Logical conjunction and disjunction 1293
 - 2.2.2 *And* and *or* in combination with negation 1298
 - 2.2.3 Asymmetric constructions, I: *and* (*He got up and had breakfast, etc.*) 1299
 - 2.2.4 Asymmetric constructions, II: *or* (*Hurry up or we'll be late, etc.*) 1303
 - 2.2.5 Coordinator-marked reduplication (*louder and louder; dozens and dozens*) 1304
 - 2.3 *Both* and *either* 1305
 - 2.4 *Neither* and *nor* 1308
 - 2.5 *But* 1310
 - 2.6 *Not* 1313
 - 2.7 *Not only* 1314
 - 2.8 Expressions based on comparison (*as well as, rather than, etc.*) 1315
 - 2.9 Expressions of addition, inclusion, etc. (*including, instead of, plus, etc.*) 1318
 - 2.10 Connective adverbs (*so, yet, however, etc.*) 1319
 - 2.11 *For, only, and* resultative *so + that* 1321
- 3 The range of coordination: what can be coordinated with what** 1323
 - 3.1 Conditions on the distribution and form of coordinations 1323
 - 3.2 Coordination of unlike categories 1326
 - 3.3 Coordination of grammaticised words 1329
 - 3.4 Coordination and genitives 1330
 - 3.5 Coordination of clause types 1332
 - 3.6 Level of coordination 1334
- 4 Non-basic coordination** 1336
 - 4.1 Expansion of coordinates by modifiers (*the guests and indeed his family too*) 1336
 - 4.2 Gapped coordination (*Kim is an engineer and Pat a barrister*) 1337

- 4.3 Right nonce-constituent coordination (*I gave \$10 to Kim and \$5 to Pat*) 1341
- 4.4 Delayed right constituent coordination (*knew of but never mentioned my work*) 1343
- 4.5 End-attachment coordination (*They had found Kim guilty, but not Pat*) 1345
- 4.6 Coordination as evidence for constituent structure 1348
- 5 Supplementation** 1350
 - 5.1 General properties of supplementation 1350
 - 5.2 The form of supplements 1356
