Statement of Peer Review Policy: PDM is a signatory with the International Committee of Medical Journal Editors (ICMJE) and the Committee On Publication Ethics (COPE). All scientific papers published in PDM are submitted to subject content and methods experts for peer review. Authors and reviewers are blinded (not aware of the identity of each other). Peer reviewers must declare that there is not a conflict of interest with any manuscript they agree to review. Peer review is accomplished by means of a standard scoring system and specific comments, the results and contents of which are returned to authors for their review.

Prehospital and Disaster Medicine Peer Reviewers for 2023

Original research, systematic review, research report, and field report manuscripts published in *Prehospital and Disaster Medicine* are peer reviewed in a traditional double-blind manner such that the author(s) and reviewers are not aware of each other. Reviewers are expert and experienced researchers in their areas of prehospital medicine and disaster health.

The Editorial Staff of *Prehospital and Disaster Medicine* appreciates the generous support of the Journal and the time and expertise provided by the following Reviewers:
