Honorary Senior Research Fellow in English Language, University of Birmingham
Past President of IATEFL and past Chair of the British Council English Teaching Advisory Committee. Has worked as a teacher, trainer, adviser, manager, consultant, and academic in Africa, Europe, the Middle East, South-East Asia, and South America. Research and publications have focused on language policy, ELT curriculum innovation (including teacher development), and English as global language, as well as primary level ELT, professional communication, and applied corpus linguistics. Especially interested in linguistic landscapes – the worldwide spread of English and other languages in everyday contexts. He has also developed a personal interest in nineteenth- and twentieth-century Design History.
Professor Rose Luckin
(ELT & Education Publishing Committee)
Professor of Learner Centred Design, University College London Knowledge Lab
Research involves design and evaluation of educational technology using theories from the learning sciences and techniques from Artificial Intelligence (AI). A particular interest in using AI to open up the ‘black box’ of learning to show teachers and students the detail of their progress intellectually, emotionally and socially. Also Director of EDUCATE: a London hub for Educational Technology Startups, researchers and educators to work together on the development of evidence-informed Educational Technology. Has published numerous academic articles in journals, authored two monographs and edited two collections. Was previously Pro-Vice Chancellor for Teaching and Learning at the University of Sussex.

Dr Gary Motteram
(ELT & Education Publishing Committee)
Senior Lecturer in Education (TESOL) at the Manchester Institute of Education, University of Manchester
Research interests focus on teacher development with a particular interest in the role technology can play when learning is blended, online or mobile. Currently he is exploring mobile and online technology use with teachers who are refugees. He has been involved in several large European language teaching projects as well as research in the UK for the Educational Endowment Foundation. Conducted a large-scale review for Cambridge University Press of how teachers use technology in their teaching. Has acted as project manager of a number of other large funded projects exploring e-learning in China and the use of video in teacher development in Poland. Publishes regularly both in journals and through books: most recent books are Innovations in Learning Technologies for ELT (British Council, 2013) and Teaching and Technology: Case Studies from India (British Council, 2017).

Professor Tony Minson
(Academic Publishing Committee)
Emeritus Professor of Virology and Fellow of Wolfson College
Formerly Pro-Vice-Chancellor for Planning and Resources (2003–9) and Chair of the School of Biological Sciences (2001–3). Specialises in the study of herpes viruses. Fellow of the Academy of Medical Sciences and trustee of the Animal Health Trust. Served as Chair of Syndics 2009–2012 (replacing Dr Gordon Johnson and succeeded by Sir David Bell).

Mr Anthony Odgers
