Teacher Help: Create Groups, Share Group Code and Manage Groups

Creating a Group

Create a group specific to a book by clicking on the Create group button below the cover of a book on the Home page. Your Active group for that book will appear in a dropdown underneath it.

Create group button

Fill in the fields on the Create group menu (group name and a unique code) to create a sharable Group code. Copy this code to share with your students.

You can view, edit and amend your groups through the Manage groups tab on the Home page. This is how to check all your students have joined your group and view the Group Code.
Manage groups tab

Editing and Deleting Groups

You can also edit and delete groups under the Manage groups tab using the Edit and Delete icons.
