

# WORD SEARCH

**Aim:** Give Ss a review of words for different jobs.  
**Preparation:** Make one copy of the worksheet for every two Ss.  
**Comment:** Use after the Speaking on page 9 or the Grammar Focus on page 10 (if you choose to do the Option).

- Ss work in pairs. Give one worksheet to each pair of Ss.
- Point out that there are 15 jobs in the word search. The jobs appear in the Snapshot, Word Power, and Speaking sections in the Student’s Book. The jobs can go across, down, or diagonally. Point out the words *accountant*, *singer*, and *tour guide* as examples.
- Explain the task. Ss find the jobs in pairs and circle them. Then they write the jobs on the lines below the word search.
- Ss complete the task. The pair that finds all the words first wins. Then elicit the answers.
- **Option:** Elicit answers by asking individual students “What do you do?” and having them answer with one of the jobs they found in the word search.
