

## PAIR CROSSWORD

**Aim:** Give Ss practice reviewing vocabulary and definitions for places collaboratively.

**Preparation:** Make one copy of the worksheet for every two Ss. Cut the copies in half.

**Comment:** Use after the Word Power on page 50.

- Divide the class into two groups (A and B). Give Part A of the worksheet to Group A and Part B to Group B.
- Explain that Group A has all the across words of the puzzle and Group B has all the down words. Ss write clues for their words as a group. For example, a clue for the word *library* is *a place where you borrow books*.
- Ss complete the task in groups. Go around the class and give help as needed.
- Divide Ss into pairs with one S from Group A and one S from Group B. Point out that they cannot look at each other's crossword puzzle.
- Ss take turns reading their clues aloud and guessing the words. They use the words to complete the puzzle.
- Model the task with a S:  
T: What's the clue for number 1 across?  
S: It's a place where you borrow books.
- Ss complete the task. Go around the class and give help as needed.
- Ss look at their partner's crossword puzzle to check their answers.

### Answers

Answers may vary. Some possible clues:

#### ACROSS:

- 2 A theater  
is a place where you see a movie or a play.
- 8 A barbershop
