**A** Write six sentences about events in your life. Use time expressions from your vocabulary log and your own words.

	During my childhood, I lived in Australia.
	For three years, I've been living in France.

Then write each time expression and event on separate pieces of paper.

	During my childhood,
--	----------------------

	I lived in Australia.
--	-----------------------

	For three years,
--	------------------

	I've been living in France.
--	-----------------------------

**B PAIR WORK** Exchange papers. Match the time expressions with the events. Then check your answers.
