The Cambridge Edition of the Works of Jane Austen

Nine-volume set

*“...certain to be the
standard critical edition
of all Austen’s works”*

-- Times Literary Supplement

Jane Austen

CAMBRIDGE

The Cambridge Edition of the Works of Jane Austen

Each volume features an introduction which looks at its cultural and historical context, recording the publication history of Austen's work. Accompanying the full text of each of her works are extensive and detailed notes.

SIX NEW VOLUMES FOR 2006:

JUVENILIA

Edited by Peter Sabor

Jane Austen's remarkable juvenilia are now receiving the scholarly attention they deserve. This edition provides a fresh transcription of Austen's manuscripts, with comprehensive explanatory notes, an extensive critical introduction, covering the context and publication history of the juvenilia, a chronology of Austen's life, and an authoritative textual apparatus.

LATER MANUSCRIPTS

Edited by Janet Todd and Linda Bree

This volume comprises the most complete and most closely annotated edition available of Austen's mature manuscripts. Full textual details are provided, as well as extensive explanatory notes and a critical introduction covering all the essential information on these fascinating unpublished and in some cases unfinished works.

NORTHANGER ABBEY

Edited by Barbara M. Benedict and Deirdre Le Faye

This fully annotated critical edition of *Northanger Abbey* is based on the text of the novel as published posthumously in 1818. It features an appendix summarising the plots and situations of the Gothic fictions Austen parodied, an extensive critical introduction, a chronology of Austen's life and an authoritative textual apparatus.

“Need hard-pressed college libraries spend hundreds of dollars on the new Cambridge Jane Austen set? The answer is yes - and the sooner the better.”

PRIDE AND PREJUDICE

Edited by Pat Rogers

First published in 1813, and Austen's most popular novel in her own lifetime, *Pride and Prejudice* has since been widely recognised as one of the finest novels in the English language. This edition is an indispensable resource for all scholars and readers of Austen.

SENSE AND SENSIBILITY

Edited by Edward Copeland

Jane Austen's first published novel introduced many of the themes which would dominate Austen's future work. Austen writes about everyday events of her own time with a subtlety and sensitivity unprecedented in the English novel. This edition follows the second edition of 1813, which corrects errors of the first edition.

PERSUASION

Edited by Janet Todd and Antje Blank

Jane Austen's final novel is characterised by its innovative treatment of passion and rhetorical style and its development of those themes of memory and time, public and private history, inner and outer lives, language and literature, emotion and restraint that have marked all Austen's work.
