PURPOSE AND FOCUS
The Journal of Financial and Quantitative Analysis (JFQA) is published quarterly in March, June, September, and December by the School of Business Administration at the University of Washington in Seattle, Washington U.S.A.

The JFQA publishes theoretical and empirical research in financial economics. Topics include corporate finance, investments, capital and security markets, and quantitative methods of particular relevance to financial researchers.

Opinions expressed in the JFQA are those of the authors and do not necessarily reflect those of the School of Business Administration at the University of Washington.

For specific information concerning subscriptions, submissions, single-copy orders, missing issues, permission to reprint, or advertising, write, call, fax, or e-mail the JFQA office.

SUBMISSIONS
It is JFQA policy to give prompt attention to all submitted manuscripts. Consistent with this policy, honoraria are paid to referees who provide timely reviews.

Manuscripts are to be sent in quadruplicate with a $100 submission fee for subscribers ($140 for nonsubscribers) to Professor Paul Malatesta, Managing Editor. Checks must be payable to the JFQA in U.S. dollars for deposit in a U.S. bank. VISA and MasterCard are accepted. Style guides for preparing manuscripts can be found on one of the back pages of each JFQA issue.

SUBSCRIPTIONS
Subscriptions, which must be prepaid and renewed annually, start with the next available issue unless otherwise requested. Checks or money orders must be payable to the JFQA in U.S. dollars for deposit in a U.S. bank. VISA and MasterCard are accepted. Claims for missing issues must be made within 6 months of the date of publication.

Annual Subscription Fees:

- Library or Firm: U.S. $85
- Outside U.S.A.: U.S. $90
- Individual: U.S. $40
- Outside U.S.A.: U.S. $45
- Student (with verification): U.S. $25
- Outside U.S.A.: U.S. $30
- Airmail (additional): U.S. $30
GLOBAL FINANCIAL MARKETS

Ian Giddy, Stern School of Business, New York University  
1994 Hardcover 450 pages est. (24605-0)

This state-of-the-art text brings to students of international finance the new instruments at work today in the fast-moving world of global money markets. Written by an author whose academic credentials are matched by real-world expertise, Global Financial Markets is unique in exploring foreign exchange options theory and trading, equity and commodity markets, swap financing techniques, and financial innovations in international corporate financing such as hybrid Eurobonds.
