**Editorial**

Necrotising otitis externa, turbinate surgery, tonsillotomy, and care of octogenarian head and neck cancer patients: *EW Fisher, J Fishman* 377

**Main Articles**

Necrotising otitis externa – is a poor outcome predictable? The application of a diagnosis-based scoring system in patients with skull base osteomyelitis: *DM Rojoa, FJ Raheman, Y Saman, B Mettias, S Das, PA Rea* 379

Necrotising otitis externa: a serious condition becoming more frequently encountered: *AZ Eweiss, M Al-Aaraj, P Sethukumar, G Jama* 386

The aetiology of ossicular chain defects in congenital cholesteatoma: *XY Li, Y Liu, DH Zhao, Y Liu, JJ Sun* 391

Pre-operative assessment of facial recess width in paediatric cochlear implant recipients: a radiological study: *S Han, L Wang, F Gao, W Liang, TH Lee, KA Peng* 396

Distance between the middle turn of the cochlea and labyrinthine portion of the facial nerve: a surgical-radiological comparison and assessment of clinical importance: *R Lakhawat, M Grover, S Sharma, M Charan, N Lohar, S Samdani* 400

Effects of mastoid and middle-ear volume on graft success and hearing outcomes in paediatric tympanoplasty: *D Baklaci, E Bilgin, EK Çelik, A Kılıç, D Erdem, SS Eliçora* 404

Effects of the coronavirus disease 2019 pandemic on subjective tinnitus perception: *Z Aydoğan, M Çınar Satekin, E Ocak, S Tokgoz Yilmaz* 410

Functional endoscopic sinus surgery outcome in chronic rhinosinusitis patients with hypoplastic maxillary sinus: *M Al-Qudah, A Zubidi* 414

Decreased nasal nitric oxide levels: a potential marker of decreased olfactory discrimination in chronic rhinosinusitis: *L Zhang, F Fang, L Yao, H Sun, X Zhan, M Lu, Y Wei* 419

Inferior turbinate reduction: comparing post-operative bleeding between different surgical techniques: *E Levy, O Ronen, E Sela, E Layos, N Eisenbach, N Ibrahim, AA Dror, A Daoud, T Marshak* 427

Improved swallow outcomes with early intervention using combined swallow therapy in advanced oropharyngeal carcinoma: *DI Kwon, BC Villegas, LM Ouyoung, UK Sinha* 433

Characteristics that predict laryngeal penetration and aspiration in elderly patients following supracricoid laryngectomy with cricohyoidoepiglottopexy: a videofluoroscopic study: *Y Seino, S Miyamoto, M Nakayama, T Yamashita, A Miles, JE Allen* 439

Radiation necrosis of the bone, cartilage or cervical soft-tissues following definitive high-precision radio(chemo)therapy for head-neck cancer: an uncommon and under-reported phenomenon: *T Gupta, G Maheshwari, S Gudi, A Chatterjee, R Phurailatpam, K Prabhash, A Budrukkar, S Ghosh-Laskar, JP Agarwal* 447

Impact of tonsillotomy versus tonsillectomy on health-related quality of life and healthcare costs in children with sleep-disordered breathing: *AJ Sakki, RP Roine, LK Mäkinen, H Sintonen, J Nokso-Koivisto* 454

Patterns of care for octogenarian patients with head and neck cancer: *MS Iqbal, C Navarro-Rodriguez, S Munro, B Ozalp, C Kelly* 461

**Clinical Records**

Medical management of severe obstructive sleep apnoea in two cases during the coronavirus disease 2019 pandemic: *HS Gajaweera, C Griffiths, LH Everitt, HJ Evans* 464

Vocal fold paralysis following first dose of Oxford-AstraZeneca coronavirus disease 2019 vaccine: *GM Jama, M Amin, A Hassaan, H Kaddour* 466

**Book Reviews**

469
