Douglas M. Gibler and Erin K. Little
Political Science Research and Methods

Political Science Research and Methods (PSRM) is a general political science journal dedicated to publishing original scholarly work of the highest quality from all subfields of political science. PSRM also welcomes work at the intersection of political science and related disciplines. Manuscripts should apply rigorous methods to empirical or theoretical problems. PSRM is the official journal of the European Political Science Association (EPSA), the organization that sets the journal’s policies.
