THE ARTS IN EARLY ENGLAND

BY G. BALDWIN BROWN, M.A., LL.D., F.B.A.

WATSON GORDON PROFESSOR OF FINE ART IN THE UNIVERSITY OF EDINBURGH

VOLUME VI. PART I. Illustrated. 15s. net

IN Vols. I-IV of his monumental survey of Anglo-Saxon Antiquities Professor Baldwin Brown dealt with the life of Anglo-Saxon England in its relation to the arts, and with the architecture and decorative art of the pagan period. With Vol. V he turned to the study of Northumbrian work; the number and importance of these works, however, transcended the limits of a single volume, so Professor Baldwin Brown has included them in this, the first part of Vol. VI. Here he treats of the Stonyhurst MS., of the Gospel of St. John, the Franks Casket, the Hackness Cross, and the Tassilo Cup.
