Experimental Agriculture

Editor
Dave Harris, ICRISAT, Kenya

Experimental Agriculture publishes the results of original research from any source on the agronomy of field, plantation and herbage crops grown for human or animal food; for industrial purposes; and on systems of agricultural production, particularly in the warmer regions of the world. It is especially concerned with experimental work designed to explain agronomic results in biological and environmental terms. The journal publishes accounts of new experimental techniques, new methods of crop production and discusses problems in countries where production is developing rapidly. There are regular book reviews and occasional, often invited, reviews of research.

R. W. Edmondson, Warwick HR2, Wellesbourne, UK

SUBMISSIONS
The Journal has moved to electronic submission. Manuscripts should be uploaded to http://mc.manuscriptcentral.com/jagricsi. Double-blind refereeing has also been adopted, therefore the authors’ names, addresses and emails should be removed from the main document and uploaded as a title page in a separate file tagged “Not for Review”. Help is available on the website.

SUBSCRIPTIONS
The Journal of Agricultural Science (ISSN 0021-8596) is published six times a year in February, April, June, August, October and December. Six parts form a volume. The subscription price (excluding VAT) of Volume 150 (2012) (which includes delivery and any electronic access to institutional subscribers) is £820 net (US $1450.00 in the USA, Canada and Mexico). Single parts are £135 net (US $239 in the USA, Canada and Mexico). The electronic-only price available to institutional subscribers is £645.00 ($1140.00 in USA, Canada and Mexico).

Orders, which must be accompanied by payment, may be sent to a bookseller, subscription agent or direct to the publisher: Cambridge University Press, Journals Fulfillment Department, 100 Brook Hill Drive, West Nyack, New York 10994–2133. Claims for missing issues should be made immediately on receipt of the subsequent issue.
