- **Epistemic inclination and factualization: a synchronic and diachronic study on the semantic gradience of factuality – CORRIGENDUM**  
  Vittorio Tantucci

---

**Special issue on Cognitive Linguistics and Interactional Discourse**

Guest Editors Elisabeth Zima and Geert Brône
Approach to the study of language and cognition and their intersection. Research published in the journal adopts an interdisciplinary, comparative, multi-methodological and analytical frameworks that populate the language and cognitive sciences, on a wide range of topics. It is open to research from the full range of subject disciplines, theoretical backgrounds, and analytical frameworks that populate the language and cognitive sciences, on a wide range of topics. A theoretical and/or empirical/experimental nature, focusing on the interface between language and cognition. To find out more about the Association and get involved in its activities, please subscribe to the UK-CLA mailing list at http://www.uk-cla.org.uk.

The UK-CLA is affiliated to the International Cognitive Linguistics Association and the Linguistics Association of Great Britain.

Membership of the UK-CLA is achieved by subscribing to Language and Cognition. Details on how to subscribe to the journal can be found at the journal website http://journals.cambridge.org/UKCLA. Subscription is available in the following options: online only, or online plus print. Individual subscription includes automatic electronic access to all back issues.

In addition, the Association strongly supports contacts and cooperation between its members, the development of research projects, curricula and international graduate and doctoral programmes in Cognitive Linguistics, as well as the organisation of conferences, workshops, and other relevant events.
