The Canadian journal on Aging is a refereed, quarterly publication of the Canadian Association on Gerontology. It publishes manuscripts on aging concerned with biology, educational gerontology, health sciences, psychology, social sciences, and social policy and practice. Acceptance or rejection of manuscripts will be on the recommendation of Editors representing the five divisions of the CAG, in consultation with reviewers. Normally, two or more reviewers, in addition to the Editors, will review the manuscript. The Canadian Association on Gerontology and the Editors accept no responsibility for views and statements of the authors.

The journal is currently indexed and abstracted in / Les articles sont résumés et indexés dans Abstracts in Social Gerontology, AgeInfo CD-ROM, AgeLine, Australasian Medical Index, Bibliographic internationale de la littérature périodique, Bibliographie internationale des recensions, Canadian Periodical Index, Current Index to Journals in Education, EMBASE/ Excerpta Medica, Index to Periodical Literature on Aging, Index de Périodiques canadiens, International Bibliography of Book Reviews, International Bibliography of Periodical Literature, New Literature on Old Age, PAIS Bulletin, Psychological Abstracts, Science Citation Index and Current Contents, Social and Behavioural Sciences.

BABY BOOMER HEALTH DYNAMICS
HOW ARE WE AGING?

Andrew V. Wister
Cloth 0802089577 $65.00
Paper 0802086357 $29.95
6x9 / 300 pp / 65 figures, 57 tables
April 2005

Focusing on four health behaviours that have been proven to be major risk factors for disease: smoking, unhealthy exercise, obesity, and heavy drinking—Wister researches the long-term implications of several key lifestyle-health conundrums, most notably the paradoxical relationship in the concurrent trends over the last two decades of increased exercise levels and a significant rise in obesity.
