**GNOSTICISM AND
EARLY CHRISTIANITY**

SECOND EDITION

R. M. GRANT

A new, extensively revised edition of this classic work. The author sees Gnostic influences in Jewish as well as Greek thought and shows how the early church reacted to the Gnostic tenets that salvation resulted from a special 'gnosis' (knowledge) rather than from faith, ritual, or good works. 'This is an important book because of the clarity it brings to a difficult, complex subject.'—*New York Times Book Review* (from a review of the first edition). Coming in November.

**CHRISTIANITY AND THE ENCOUNTER
OF WORLD RELIGIONS**

PAUL TILLICH

These four essays by one of the world's foremost theologians and philosophers were presented as the Bampton Lectures at Columbia University. 'In these four lectures Tillich gives us a clear and succinct analysis of the contemporary religious scene. *Christianity and the Encounter of World Religions* is immensely provocative and important.'—*Christian Century*. 'These stimulating and impressive essays might well serve as an introduction to the thought of one of the world's best-known Protestant philosopher-theologians.'—*New York Times Book Review*.

**THE POLITICAL AND SOCIAL
IDEAS OF ST AUGUSTINE**

HERBERT A. DEANE

'Deane's work sets a standard of accuracy, scholarship, and intelligence to which any future discussion of Augustine's political thought must conform.'—*The Journal of Philosophy*. 'Significantly contributes both to historical understanding of Augustine's political thought and to appreciation of its permanent relevance to the moral dilemmas of politics.'—*Political Science Quarterly*
