Gila Bronshtein, Jason Scott, John B. Shoven, Sita Nataraj Slavov

Published in association with the International Organisation of Pension Supervisors (IOPS) and the Organisation for Economic Co-operation and Development (OECD)
Instructions for Contributors

Contributions

The journal publishes original academic research papers on the economics and finance of pensions, retirement income and ageing. The Journal also publishes “Issues and Policy” articles which review the state of knowledge and the debate in particular areas. Papers from actuarial science, mathematics, statistics and other disciplines are welcome as long as there is a clear economics or finance content. Examples of subjects the journal will cover include: pensions and labour markets, the macro- and micro-economics of pensions, pension fund management, regulation of pensions, valuation of pension liabilities, corporate governance, political economy issues, financial planning for retirement and marketing of private pensions.

Manuscripts

All manuscripts must be submitted online via the website: http://mc.manuscriptcentral.com/jpef

Detailed instructions for submitting your manuscript online can be found at the submission website by clicking on the ‘Instructions and Forms’ link in the top right of the screen, and then clicking on the ‘Author Submission Instructions’ icon on the following page.

An Editor will acknowledge receipt of the manuscript, provide it with a manuscript reference number and assign it to reviewers. The reference number of the manuscript should be quoted in all correspondence with the JPEF Office and Publisher.

Manuscripts should begin with an abstract of not more than 100 words and ordinarily should not exceed 35 pages in length double spaced and 12pt font with 1 inch margins. Manuscripts will be reviewed by the editors and by referees chosen by the editors.

Manuscripts are accepted for review on the understanding that the same work has not been and will not be published nor is presently submitted elsewhere. While under editorial review, it is the responsibility of the authors to keep the Editors informed about submissions, publication plans, and actual publication of related research or articles/them somewhere else. Under certain circumstances, articles considered for publication in this journal and accepted for publication elsewhere may be withdrawn from the current issue. Authors are responsible for obtaining written permission to publish material for which they do not own the copyright. Articles and other material published in Journal of Pension Economics and Finance represent the opinions of the authors and should not be construed to reflect the opinions of the Editors or their employers or the Publisher.

Electronic submission of final manuscripts and illustrations

A LaTeX class file is available. The JPEF class files are available by anonymous FTP from ftp://ftp.cambridge.org/pub/thes/latex/jpef.cls. LaTeX manuscripts should be accompanied by a pdf of the entire manuscript as it can be printed. The journal does not print in colour, so all figures should be black and white for reproduction.

References

The Harvard system of references should be used. Citations are by author’s surname and year of publication in parentheses. For example: (Diamond (1965)). Each reference should be complete and accurate. See the ‘References’ section for examples.

Offprints

Authors will receive a pdf of their articles upon publication, and offprints may be ordered using the form sent out with proofs, provided that this is returned within fourteen days of receipt.

This journal issue has been printed on FSC-certified paper and cover board. FSC is an independent, non-governmental, not-for-profit organization established to promote the responsible management of the world’s forests. Please see www.fsc.org for information.
