Morphological characterization and molecular phylogeny of zoonotic trematodes in the freshwater snail Asolene platae. Federico A. Dellagnola, Martín M. Montes, Sergio R. Martorelli and Israel A. Vega. 839

Antiprotozoal investigation of 20 plant metabolites on Trypanosoma cruzi and Leishmania amazonensis amastigotes. Atalantoflavone alters the mitochondrial membrane potential. Laycon Antônio Lemos da Silva, Milane Holíb de Morais, Marcus Tullia Scotti, Luana Scotti, Rafael de Jesus Souza, Judilli L., Nartchoyaung Ouetsi, Maíque Webier Bavati, Mario Stendel and Luis Pergaud Sambó. 849

Endogenous development of Cystoisospora belli in intestinal and biliary epithelium of humans. J. P. Dubey, Kimberley J. Evason and Zenta Walther. 865

Questionnaire survey on helminth control practices in horse farms in Ireland. Nagwa Elghryani, Vivienne Duggan, Valerie Relf and Theo de Waal. 873

First isolation of Leishmania infantum by blood culture in bovines from endemic area for canine visceral leishmaniasis. Mirian dos Santos Paixão-Marques, Maria Fernanda Alves-Martin, Lilia Maria Questd, Wesley José dos Santos, Fábio Almeida de Lemos, Gabriela Pacheco Sánchez, Virginia Bodallo–Híchez–Pérez and Simona Baldwin Luchies. 911

Negative effects of parasitic lung nematodes on the fitness of a Neotropical toad (Rhinella horribilis). Crystal Kalashnik, Kirishi Sazonova and Mark E. Tocher. 928

Development of EST-derived microsatellite markers to investigate the population structure of sparganum — the causative agent of zoonotic sparganosis. Xi Zhang, Xucheng, Jiang Yang Quan, Lu Lu Han, Zi Yang Hong, Peng Jiang, Zhong Quan Wang and Jing Cui. 947

Activity of Thymus capitatus essential oil components against in vitro cultured Echinococcus multilocularis metacestodes and germinal layer cells. Amani Kosam, Bitalu Lameirah Mahamed, Salim Mehd, Sawsan Soua, Hichem Ben Jannet, Guido Ranimi, Roberta Ascrizzi, Kamel Ghedira, Hamouda Babba and Andrew Hemphill. 956

Malacosporean myxozoans exploit a diversity of fish hosts. Juliana Nadim, Edson A. Adriano, Ashlie Hartigan, Carl Sayer and Beth Okamura. 965

Detection of Neospora caninum DNA in cases of bovine and ovine abortion in the South-West of Scotland. I. M. Bartley, S. Guidi, C. Mason, H. Stevenson, F. Katzer, P. M. Bartley, S. Guido, C. Mason, H. Stevenson, F. Katzer. 979
