Baichun Zhang, Chinese Academy of Sciences, Beijing

Managing Editor
Miriam Greenfield, The Cohn Institute for the History and Philosophy of Science and Ideas, Tel Aviv University

Science in Context is an international journal edited at the Cohn Institute for the History and Philosophy of Science and Ideas, Tel Aviv University, Tel Aviv, Israel. It is devoted to the study of the sciences in their historical and epistemological contexts. The journal invites contributions that show an awareness of the complex relationship between scientific, social, and cultural developments. Contributions are aimed at a wide readership and thus should combine scholarly analysis with a clear presentation of issues that have broad relevance for the history and epistemology of the sciences. Analyses based on the methods and means of application in related fields are also welcome.

Science in Context has been published since 1987 by Cambridge University Press. Yehuda Elkan, Robert S Cohen, Gideon Freudenthal, and Simon Schaffer were its founding editors, with Gideon Freudenthal acting as the first executive editor. The journal acknowledges the support of Bertram J and Barbara Cohn of the Cohn Institute for the History and Philosophy of Science and Ideas, and the support of the Van Leer Jerusalem Institute.

INSTRUCTIONS FOR AUTHORS
Contributions of about 10,000 words should be submitted by email to the editorial office with a message that includes your name, telephone number, and email address. Submissions should be sent as an attachment in the format .doc or .docx to <sic@iauex.tau.ac.il>. The editors require that the article be introduced by a paragraph of about 150 words that presents its argument.

The journal follows the author-date reference system that is generally used in the social and natural sciences. ‘Documentation 2 Author-Date Citations and Reference Lists’ of the Chicago Manual of Style and a back issue of the journal should be used as guides. More detailed instructions for contributors and specific guidelines (e.g., for transliteration from Russian or Hebrew) are available from http://journals.cambridge.org/action/displayJournal?jid=SIC. Unusual alphabets, special characters, mathematical and chemical formulas, and all diacritical marks should be clearly indicated. Articles may be illustrated by a small number of figures in black and white, formatted in TIFF, with a minimum resolution of 300 dpi for halftones and 600 dpi for line drawings. For further information, contact the editorial office.

SUBSCRIPTIONS
Science in Context (ISSN 0269-8897) is published four times a year in March, June, September, and December. Four issues form a volume. The subscription price which includes electronic access and delivery by air where appropriate (but excluding VAT) of a volume 31 is £293 (US $525 in USA, Canada, and Mexico) for institutions; £72 (US $116) for individuals who order directly from the publisher and certify that the journal is for their personal use. The electronic only price available to institutional subscribers is £256 (US $447 in USA, Canada, and Mexico). Single issues are £83 (US $148) in USA, Canada, and Mexico) plus postage. EU subscribers (outside the UK) who are not registered for VAT should add VAT at their country’s rate. VAT registered members should provide their VAT registration number. Japanese prices for institutions (including ASP delivery) are available from Kinokunya Company Ltd, PO Box 55, Chitose, Tokyo 156, Japan. Orders accompanied by payment may be sent to a bookseller, subscription agent, or directly to the publisher: Cambridge University Press, University Printing House, Shaftesbury Road, Cambridge CB2 8BS, UK; or in the USA, Canada, and Mexico: Cambridge University Press, Journals Fulfillment Department, 1 Liberty Plaza, Floor 20, New York, NY 10006, USA.

COPYING
This journal is registered with the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923, USA. Organizations in the USA who are also registered with the CCC may, therefore, copy material (beyond the limits permitted by sections 107 and 108 of US Copyright law) subject to payment to the CCC of the per copy fee of $12.00. This consent does not extend to multiple copying for promotional or commercial purposes. Code 0269-8897/2015 $12.00. ISI Tear Sheet Service, 3501 Market Street, Philadelphia, PA 19104, USA, is authorized to supply single copies of a separate article for private use only. Organizations authorized by the Copyright Licensing Agency may also copy material subject to the usual conditions. For all other use, permission should be sought from Cambridge or from the American Branch of Cambridge University Press.

This journal issue has been printed on FSC-certified paper and cover board. FSC is an independent, non-governmental, not-for-profit organization established to promote the responsible management of the world’s forests. Please see www.fsc.org for information.
