# PRESCRIBE DeVilbiss

## No. 15 ATOMIZER

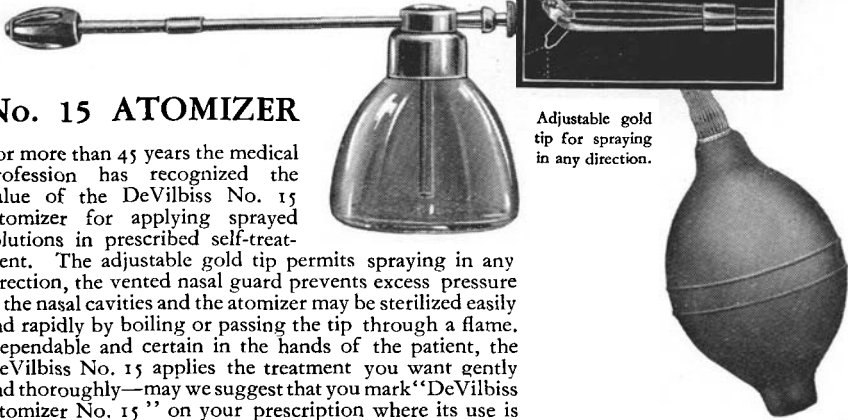

For more than 45 years the medical profession has recognized the value of the DeVilbiss No. 15 Atomizer for applying sprayed solutions in prescribed self-treatment. The adjustable gold tip permits spraying in any direction, the vented nasal guard prevents excess pressure in the nasal cavities and the atomizer may be sterilized easily and rapidly by boiling or passing the tip through a flame. Dependable and certain in the hands of the patient, the DeVilbiss No. 15 applies the treatment you want gently and thoroughly—may we suggest that you mark “DeVilbiss Atomizer No. 15” on your prescription where its use is indicated.

**AEROGRAPH Co. Ltd., 43 Holborn Viaduct, London, E.C.1.** Sole distributors of DEVILBISS products in the United Kingdom. Telephone: Holborn 1257 and 1258

# AMPLIVOX HOUSE

The New Home  
of the  
HIGH FIDELITY  
HEARING  
AID

Amplivox House accommodates an organization which in three years has become the world's largest manufacturer of High Fidelity hearing aids. This success has been achieved solely through the recommendations of medical men and enthusiastic users. Here is definite proof that sufferers from deafness are now fully alive to the vital importance of using high-grade instruments and are putting performance first in purchasing a hearing aid. At Amplivox House they can compare all types of hearing aids with the many Amplivox models. They can avail themselves of the unique facilities offered by an organization which concentrates all its energies on the production of hearing aids for use individually and in Churches, Schools, Theatres, etc., and the development of special acoustic apparatus for the medical profession. Details of the full range of Amplivox aids should be in the hands of every Medical Practitioner.
