ReCALL is the journal of the European Association for Computer Assisted Language Learning (EUROCALL). It seeks to fulfill the stated aims of EUROCALL as a whole, and more particularly to promote the use of foreign languages within Europe and beyond, providing an international focus for the promotion of innovative research in the area of computer-assisted language learning and technology-enhanced language learning in education and training.

The journal publishes research articles that report on empirical studies (quantitative or qualitative); provide rigorous meta-analyses or other syntheses or surveys; or contribute to theoretical, epistemological or methodological debates.

Typical subjects for submissions include foreign or second language learning and development in technology-rich learning environments; theoretical debate and practical applications at developmental stage; evaluative studies of the potential of technological advances in the delivery of language learning materials and enactment of language learning activities; and discussions of policy and strategy at institutional and discipline levels.

Papers should be submitted electronically via manuscript central: http://mc.manuscriptcentral.com/recall. Before submitting, please read the information on the ReCALL homepage carefully, including Instructions for Contributors and the Author Template: https://www.cambridge.org/REC. Technical queries should be sent to the Journal Administrator, Sylvie Thouësny: recall.editorial@cambridge.org.

Other queries should be sent to the ReCALL Editor, Alex Boulton: alex.boulton@univ-lorraine.fr.
