

AIDS FOR THE DEAF

AURICLES

The best non-electric aid for slight and moderate degrees of deafness and specially suitable when the patient is suffering from Tinnitus.

For Extreme Cases—

HAWKSLEY'S "GREEN STRIPE" CONVERSATION TUBES

are very much more powerful and reliable than any electrical aid.

IMPORTANT NOTICE

to the Medical Profession and their Patients

We are the originators of a

10 DAYS' FREE HOME TRIAL,

without obligation to purchase, of any of our Acoustic Aids, and, in our opinion, this is the only fair and satisfactory method of selling such instruments to the public. We daily hear most distressing tales from deaf people who have been coerced into purchasing expensive aids without a proper home trial.

T. HAWKSLEY, LTD.

(ESTABLISHED 1869)

351 OXFORD STREET, LONDON, W.1

Telephone: Mayfair 1182

SOLE AGENTS FOR THE MARCONI OTOPHONE

Our full range of illustrated lists sent on application

ORAL HYGIENE

Odol & Bacteria

Odol by virtue of its unique antiseptic agents may claim to be the most efficient means of ridding the oral cavity of pathogenic bacteria.

**ODOL EXERTS
MAXIMUM INHIBITORY POWER
AGAINST BACTERIA
BUT HAS
MINIMUM ACTION on BODY TISSUES**

The following table indicates the effect of ODOL in the mouth :—

Rate of development of bacteria in unclean mouth. Index 100 bacteria.

Rate of development of bacteria in mouth cleansed with Liquid Odol. Index—100 bacteria.

You will find ODOL Tooth Paste powerfully antiseptic. It is absolutely non-caustic, and whitens the teeth without in any way harming the enamel.

Odol

Samples and Literature will gladly be sent to members of the Profession on application to

CRANBUX LIMITED OF NORWICH

Sole Manufacturers and Distributors of British Odol Products

ALDWYCH

CHEVALIER JACKSON'S INSTRUMENTS FOR ŒSOPHAGOSCOPY, LARYNGOSCOPY, AND BRONCHOSCOPY

New Models as made for Walter G. Howarth, F.R.C.S.

Each Instrument is made in accordance with the details of Chevalier Jackson's most recent models, and each is supplied with a *spare light carrier*, i.e., 2 light carriers and 2 lamps. All the models have been redesigned with a view to rendering them more easily cleansed; all the crevices and corners for the dirt have been taken away.

To ensure better visibility the tips of the forceps are *black*.

The Howarth-Jackson's Instruments are **less expensive than other American or English models**, and a further economy has been effected by rendering the instrument tips interchangeable, thus reducing the number of forceps handles and tips required.

The lamps are 2.5 volt and more durable than the usual models.

Manufactured only by

DOWN BROS., L^{TD}.

The Choice of Medical Men

for their own deafness or to recommend to patients is the "Ardente" method because it is so entirely different, uncopyable, and carries a written lifelong guarantee and service of its originator—Mr R. H. Dent—not any mere selling agent or company.

It is the most complete method—the commonsense way and the only individual method. Made in a wide range of types—one is suited to the individual needs of the patient and only when tested and found suitable is the right type completed and supplied. Interest is taken and adjustments made in accordance with any changed condition of hearing of the user.

"Ardente" is also the Choice of

Prof. SIR AMBROSE FLEMING, Kt., M.A., B.Sc., F.R.S.

Col. SIR HENRY KNOLLYS, K.C.V.O.

The late Gen. BRAMWELL BOOTH, C.H., and

Major F. E. VERNEY, M.C.

and many leading medical men—professional etiquette makes it necessary for us to withhold their names. "ARDENTE" is shown and appreciated at every B.M.A. meeting and every improvement is made in direct collaboration after test and consultation with eminent medical men and scientists. No distinguished name used is that of a staff-member—all are of deaf people themselves lending their names and experience for the benefit of fellow-sufferers without personal gain or profit.

All are men of knowledge and world-wide experience, able to judge and have the BEST.

"Ardente" is the choice of every important medical journal and TRUTH and for use at Hospitals and supplied through charities, Government Departments (also used by government officials).

Behind "ARDENTE" is a personality—his interest is yours, his success built by his users who chose "Ardente" on its merits—

"Ardente" can be tested Free at any of our SERVICE BUREAUX—the most complete in the whole deaf world—or at Doctors' surgeries or patients' homes any day any time—week-ends and evenings if preferred. Please send for particulars—we will be happy to arrange a free demonstration to you at your or any of our addresses if Deaf yourself or interested on behalf of patients.

Mr Dent is the inventor of "Ardente."

Mr Dent is the pioneer of individual ear-fitting.

Mr Dent is the originator of the "Free Home Test."

The most Complete and Extensive Service for the Deaf under personal supervision

The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY
WALTER HOWARTH

ASSISTED BY
V. E. NEGUS AND F. W. WATKYN-THOMAS

1. Original Articles are accepted on the condition that they have not been published elsewhere.
2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.
3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.
4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.
5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.
6. Editorial Communications should be addressed to "EDITOR, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."
7. The Annual Subscription is Forty Shillings, post free, and is payable in advance.
8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings each.
9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings each.

UNITED STATES OF AMERICA

Orders for this Journal, for single parts or yearly subscriptions, can be sent either through a local bookseller, or to Messrs G. E. STECHERT & Co., 31-33 East 10th Street, New York.

Back of Every Pain .

is a disturbance in the physical or mental equilibrium, an interruption of some vital function, a deviation from the normal. Injuries, inflammations, excessive muscular strain, disturbances of the circulation, all are productive of pain. And be it trivial or severe, prolonged or ephemeral, uppermost in the mind of the patient is the prompt suppression of that pain.

To the patient wracked by the painful pneumonic process, nothing is more grateful or comforting than an Antiphlogistine jacket applied over the thoracic walls. Physicians conversant with this simple procedure generally concede that this plastic anodyne dressing increases the superficial circulation by the induction of artificial hyperemia setting up a highly decongesting process in the deeper seated tissues and thereby relieving the dyspnea and the stress on the right heart.

Doctors the world over are more and more coming to recognise the unique properties of

Antiphlogistine

as an invaluable auxiliary in the management of the pneumonias or wherever *pain* is a prominent factor.

AIDS FOR THE DEAF

FITTING AND ADJUSTMENT

SERVICE:—Acoustic Service comprises of more than merely selling some acoustic instrument.

THE CORRECT FIT AND ADJUSTMENT ARE SUPREMELY IMPORTANT

The Aurist who appreciates this point will always indicate to his patient the need for a personal call for fitting.

The patient always has the advantage of getting the maximum Acoustic value and a perfect fit, which is not possible if the matter must perforce be dealt with through the post.

THE LEADING WEST END AURISTS RECOGNISE THE EXPERT INDIVIDUAL ATTENTION GIVEN TO EACH PATIENT SENT BY THEM TO
