### STUDIES IN SECOND LANGUAGE ACQUISITION

#### **Notes for Contributors**

**Contributions.** Contributions written in English are welcomed from all countries. Articles should be sent to:

Albert Valdman, Editor Studies in Second Language Acquisition 1020 E. Kirkwood Avenue, Ballantine Hall 602, Indiana University Bloomington, IN 47405-7103, U.S.A. ssla@indiana.edu

Manuscript submissions. SSLA welcomes unsolicited articles, including replication studies. State-of-the-Art articles, review articles, articles in thematic issues, responses, Point and Counterpoint articles, and book reviews are commissioned by the editors. Manuscripts should not have been published previously or be under consideration for publication elsewhere in any form. In addition, SSLA will consider only one submission per author per volume.

Manuscripts undergo a two-tier evaluation process. First, they are read by an in-house committee. If topic and scope are deemed appropriate, they are then sent out for blind review to at least three readers selected from the Editorial Board, Advisory Committee, and other experts in the field. The names of all readers consulted will be listed in the final issue of each volume. A publication decision is usually made within four months of submission (10 to 20 percent of manuscripts submitted are accepted for publication). Articles are normally published within one year of acceptance.

All manuscripts must be submitted electronically to ssla@indiana.edu or via direct submission to the CUP website. Upon acceptance for external review, authors are then asked to submit one blinded hardcopy and one blinded electronic copy of the manuscript in which all references to the author(s) and their work have been removed

**Format.** *SSLA* requires that all submissions conform to the requirements of the *Publication Manual of the American Psychological Association* (Sixth Edition), which can be obtained from the American Psychological Association, Order Department, P.O. Box 92984, Washington, DC 20090. All submissions must be double-spaced and formatted for standard-size paper. The target length for submissions is 50 pages all inclusive.

**Title page and abstract.** A separate double-spaced title page should be provided, including on separate lines: title, subtitle, all authors' names and affiliations, and the lead author's address and e-mail address. Each paper must begin with a 100–150 word abstract.

**Tables, figures, and illustrations.** Authors are responsible for providing camera-ready copy of tables, figures, and illustrations with the submission of an article.

**References.** Sources cited or referred to in the text should indicate the author's surname, publication date, and page number(s) when pertinent: (Gass, 1994; Lightbown & Spada, 1994, p. 563); if more than one, citations should appear in alphabetical order. When the author's name is part of the text, follow this form: Schumann (1994) argued that....

All in-text citations must be listed in full in the reference list at the end of each article following the speci-

fications of the APA manual. Begin the reference list on a separate page entitled "References" and double-space it throughout. Each entry must include the author's name, co-authors (if any), publication date, and title of work. For a journal article, also provide the name of the journal, volume number, and page numbers for the article. For an article in an edited volume, list the editor's name, title of the collection, and page numbers of the article. For a book or monograph, list the edition, volume number, series, place of publication, and name of publisher. Punctuate and capitalize as in the following examples:

Book reviews. Inquiries regarding book reviews (500–750 words) and notices (350 words) should be directed to: Deborah Piston-Hatlen, Book Review Editor, *SSLA*, 1020 E. Kirkwood Avenue, Ballantine Hall 602, Indiana University, Bloomington, IN 47405-7103, U.S.A.; email: sslabook@indiana.edu.

**Proofs.** First proofs of an article or review article will be sent to the lead author as a PDF attached to e-mail. Within 5 business days of receipt of proofs, a list of corrections should be returned to the editor (via e-mail). List only typographical or factual errors; stylistic changes are not to be made at this stage of production.

**Offprints.** The lead author of an article or review article will receive a high-quality PDF of his or her article without charge; offprints may be purchased if ordered at proof stage.

**Copyright.** Contributors of accepted articles will be required to assign their copyrights on certain conditions to Cambridge University Press to help protect their material, particularly in the U.S.A.
