International Psychogeriatrics

CONTENTS

Guest Editorial
893 Special issue on training in psychogeriatrics
Nancy A. Pachana (Australia)

Special Issue Articles
894 Geropsychiatry and psychogeriatrics in Portugal: research, education and clinical training
Oscar Ribeiro, Lia Fernandes, Horácio Firmino, Mário R. Simões and Constancía Paúl (Portugal)

895 Credentialing dementia training: the Florida experience
Nancy A. Pachana (Australia), Erin Emery (U.S.A.), Candace A. Konnert (Canada), Erin Woodhead and Barry A. Edelstein (U.S.A.)

896 Development of a test to evaluate geropsychology knowledge and skill competencies
Michele J. Karel, Erin Emery (U.S.A.) and the CoPGTP Task Force on the Assessment of Geropsychology Competencies

897 The impact of education on care practices: an exploratory study of the influence of ‘action plans’ on the behavior of health professionals caring for older people
Melissa L. Andrews and Christa E. E. Schoon (Canada)

898 Geropsychology content in clinical training programs: a comparison of Australian, Canadian and U.S. data
Nancy A. Pachana (Australia), Erin Emery (U.S.A.), Candace A. Konnert (Canada), Erin Woodhead and Barry A. Edelstein (U.S.A.)

899 Geriatric psychology education in Canada: the pathway to subspecialty recognition
Melissa L. Andrews and Catherine Shao (Canada)

900 An evaluation of the beyondblue Depression and Bipolar Support Program for adult care workers
Beau Vlahos, Mariana Krebs, Wendell Millar, Troy E. Davison, Gary Crotty and Karina George (Australia)

901 Impact of an educational workshop upon attitudes towards pharmacotherapy for delirium
Andrew Teodorczuk, Mark Welfare, Sally Corbett and Elizabeta Mukaetova-Ladinska (U.K.)

902 The baby boomers are nearly here – but do we have sufficient workforce in old age psychiatry?
Brian Draper (Australia) and Rose-Anne Arkes (U.S.A)

Reviews
903 Testimony capacity and delirium
Kathleen Egan (Australia) and Santhini Reddy (U.S.A.) for the International Psychogeriatric Association Task Force on Testimony Capacity and Elder Abuse

904 Using a biopsychosocial model of delirium as a tool to guide clinical practice
Kathleen Egan (Australia) and Santhini Reddy (U.S.A.)

905 Effects of an educational workshop on attitudes towards pharmacotherapy for delirium
Andrew Teodorczuk, Mark Welfare, Sally Corbett and Elizabeta Mukaetova-Ladinska (U.K.)

906 The Neuropsychiatry Inventory-Clinician Rating Scale (NPI-C): reliability and validity of a revised assessment of neuropsychiatric symptoms in dementia
Naoko Kawano, Hiroyuki Umegaki, Yusuke Suzuki, Sayaka Yamamoto, Nanaka Mogi and Akihisa Iguchi (Japan)

907 MUC1 and Alzheimer’s disease
Kathleen Egan (Australia) and Santhini Reddy (U.S.A.) for the NPI-C Research Group

908 Effects of educational background on verbal fluency task performance in older adults with Alzheimer’s disease and mild cognitive impairment
Mónica Sanches Yassuda, Mariana Kneese Flaks, Luciane Fátima Viola, Fernanda Speggiorin Pereira, Claudia Maia Memória, Paula Villela Nunes and Orestes Vicente Forlenza (Brazil)

909 Psychometric characteristics of the Executive Behavioral Memory Test (B-MEM) as an early detection instrument for dementia and mild cognitive impairment in Brazil
Manuela Rezende de Vitorino, Vanessa Cezar, Flávia Gabriel, Fernanda Souza贳, Claudinha Mello, Pâmela Willy Flora, Maíra Ribeiro de Araújo and Ana Maria Alves de Oliveira (Brazil)

910 Possible role of an increased ratio of cytokine/behavioural therapy for anxiety in persons with dementia
Annemarie Braken, Jochen Boecks, Jochen Bahr & Jochen A. Stanley (U.S.A.)

911 Development of a tool to evaluate the burden of care for older people
Kathleen Egan (Australia) and Santhini Reddy (U.S.A)

912 Development of a tool to evaluate the burden of care for older people
Kathleen Egan (Australia) and Santhini Reddy (U.S.A)

Articles
913 A systematic review of the Rivermead Behavioural Memory Test (RBMT) as an early detection instrument for dementia
Naoko Kawano, Hiroyuki Umegaki, Yusuke Suzuki, Sayaka Yamamoto, Nanaka Mogi and Akihisa Iguchi (Japan)

914 The impact of education on care practices: an exploratory study of the influence of ‘action plans’ on the behavior of health professionals caring for older people
Melissa L. Andrews and Christa E. E. Schoon (Canada)

915 Special issue – focus on training in psychogeriatrics – guest editor Nancy Pachana

916 Development of a tool to evaluate geropsychology knowledge and skill competencies
Michele J. Karel, Erin Emery (U.S.A.) and the CoPGTP Task Force on the Assessment of Geropsychology Competencies

917 The impact of education on care practices: an exploratory study of the influence of ‘action plans’ on the behavior of health professionals caring for older people
Melissa L. Andrews and Christa E. E. Schoon (Canada)

918 Geropsychology content in clinical training programs: a comparison of Australian, Canadian and U.S. data
Nancy A. Pachana (Australia), Erin Emery (U.S.A.), Candace A. Konnert (Canada), Erin Woodhead and Barry A. Edelstein (U.S.A.)

919 Geriatric psychology education in Canada: the pathway to subspecialty recognition
Melissa L. Andrews and Catherine Shao (Canada)

920 An evaluation of the beyondblue Depression and Bipolar Support Program for adult care workers
Beau Vlahos, Mariana Krebs, Wendell Millar, Troy E. Davison, Gary Crotty and Karina George (Australia)

921 Impact of an educational workshop upon attitudes towards pharmacotherapy for delirium
Andrew Teodorczuk, Mark Welfare, Sally Corbett and Elizabeta Mukaetova-Ladinska (U.K.)

922 The baby boomers are nearly here – but do we have sufficient workforce in old age psychiatry?
Brian Draper (Australia) and Rose-Anne Arkes (U.S.A)

923 The Neuropsychiatry Inventory-Clinician Rating Scale (NPI-C): reliability and validity of a revised assessment of neuropsychiatric symptoms in dementia
Naoko Kawano, Hiroyuki Umegaki, Yusuke Suzuki, Sayaka Yamamoto, Nanaka Mogi and Akihisa Iguchi (Japan)

924 Effects of educational background on verbal fluency task performance in older adults with Alzheimer’s disease and mild cognitive impairment
Mónica Sanches Yassuda, Mariana Kneese Flaks, Luciane Fátima Viola, Fernanda Speggiorin Pereira, Claudia Maia Memória, Paula Villela Nunes and Orestes Vicente Forlenza (Brazil)

925 Psychometric characteristics of the Executive Behavioral Memory Test (B-MEM) as an early detection instrument for dementia and mild cognitive impairment in Brazil
Manuela Rezende de Vitorino, Vanessa Cezar, Flávia Gabriel, Fernanda Souza馍馍, Claudinha Mello, Pâmela Willy Flora, Maíra Ribeiro de Araújo and Ana Maria Alves de Oliveira (Brazil)

926 Possible role of an increased ratio of cytokine/behavioural therapy for anxiety in persons with dementia
Annemarie Braken, Jochen Boecks, Jochen Bahr & Jochen A. Stanley (U.S.A.)

927 A systematic review of the Rivermead Behavioural Memory Test (RBMT) as an early detection instrument for dementia
Naoko Kawano, Hiroyuki Umegaki, Yusuke Suzuki, Sayaka Yamamoto, Nanaka Mogi and Akihisa Iguchi (Japan)

928 The impact of education on care practices: an exploratory study of the influence of ‘action plans’ on the behavior of health professionals caring for older people
Melissa L. Andrews and Christa E. E. Schoon (Canada)

929 Geropsychology content in clinical training programs: a comparison of Australian, Canadian and U.S. data
Nancy A. Pachana (Australia), Erin Emery (U.S.A.), Candace A. Konnert (Canada), Erin Woodhead and Barry A. Edelstein (U.S.A.)

930 Geriatric psychology education in Canada: the pathway to subspecialty recognition
Melissa L. Andrews and Catherine Shao (Canada)

931 An evaluation of the beyondblue Depression and Bipolar Support Program for adult care workers
Beau Vlahos, Mariana Krebs, Wendell Millar, Troy E. Davison, Gary Crotty and Karina George (Australia)

932 Impact of an educational workshop upon attitudes towards pharmacotherapy for delirium
Andrew Teodorczuk, Mark Welfare, Sally Corbett and Elizabeta Mukaetova-Ladinska (U.K.)

933 The baby boomers are nearly here – but do we have sufficient workforce in old age psychiatry?
Brian Draper (Australia) and Rose-Anne Arkes (U.S.A)

934 The Neuropsychiatry Inventory-Clinician Rating Scale (NPI-C): reliability and validity of a revised assessment of neuropsychiatric symptoms in dementia
Naoko Kawano, Hiroyuki Umegaki, Yusuke Suzuki, Sayaka Yamamoto, Nanaka Mogi and Akihisa Iguchi (Japan)

935 Effects of educational background on verbal fluency task performance in older adults with Alzheimer’s disease and mild cognitive impairment
Mónica Sanches Yassuda, Mariana Kneese Flaks, Luciane Fátima Viola, Fernanda Speggiorin Pereira, Claudia Maia Memória, Paula Villela Nunes and Orestes Vicente Forlenza (Brazil)

936 Psychometric characteristics of the Executive Behavioral Memory Test (B-MEM) as an early detection instrument for dementia and mild cognitive impairment in Brazil
Manuela Rezende de Vitorino, Vanessa Cezar, Flávia Gabriel, Fernanda Souza馍馍, Claudinha Mello, Pâmela Willy Flora, Maíra Ribeiro de Araújo and Ana Maria Alves de Oliveira (Brazil)

937 Possible role of an increased ratio of cytokine/behavioural therapy for anxiety in persons with dementia
Annemarie Braken, Jochen Boecks, Jochen Bahr & Jochen A. Stanley (U.S.A.)
