

Contributors for Volume 39, Number 4

Mark Aldrich is Marilyn Carlson Nelson Professor of Economics Emeritus at Smith College. He is the author of *Safety First* (Johns Hopkins University Press, 1997) and *Death Road the Rails* (Johns Hopkins University Press, 2006) as well as numerous articles on mining and railroad safety. He is currently writing a book on the safety of modern railroads.

Elisabeth Anderson is an assistant professor of sociology at NYU Abu Dhabi. She completed her PhD training at Northwestern in 2013. Her areas of specialization are historical and comparative sociology, political sociology, and social theory. Her published work includes “Ideas in Action: The Politics of Prussian Child Labor Reform, 1817–1839” (*Theory and Society*, 2013), which won the Charles Tilly Award for Best Article from the American Sociological Association Comparative and Historical Section.

R. Warren Anderson is an assistant professor of economics at the University of Michigan at Dearborn. He has published articles on the Portuguese Inquisition and, along with Mark Koyama and Noel Johnson, on Jewish persecutions in Europe from 1100 to 1800. He earned his PhD in economics from George Mason University in 2011.

Bruce G. Carruthers is the John D. MacArthur Professor of Sociology and Director of the Buffett Institute for Global Studies at Northwestern University. He works in the areas of comparative-historical sociology, economic sociology, and the sociology of law. He has written five books, most recently *Money and Credit: A Sociological Approach*, as well as numerous articles. Carruthers has been a visiting fellow at the Russell Sage Foundation, the Radcliffe Institute for Advanced Study, and the Wissenschaftskolleg zu Berlin, and was the recipient of a Guggenheim fellowship.

Rebecca Jean Emigh is professor of sociology at UCLA. She specializes in comparative-historical, economic, and cultural sociology. She is the author of *The Undevelopment of Capitalism: Sectors and Market in Fifteenth-Century Tuscany* and multiple articles. She is on the Executive Committee of the Social Science History Association and is the past chair of the Comparative/Historical Sociology Section of the ASA.

Brian Gratton, professor of history at Arizona State University, has published on immigration, long-term change in family structure, and the history of Mexican-origin persons in the United States; he once studied old age, a topic he now avoids. At present he is studying Henry Cabot Lodge and the *fin de siècle* immigration restriction movement in the United States.

Timothy W. Guinnane is the Philipp Golden Bartlett Professor of Economic History in the Department of Economics at Yale University. After completing his PhD in

economics at Stanford University, he was a postdoctoral fellow at the University of Pennsylvania and then assistant professor of economics at Princeton University. He has been at Yale University since 1993, where he teaches European economic history. Guinnane's research focuses on the demographic and financial history of Europe and North America in the nineteenth and early twentieth century.

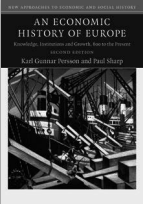

Chulhee Lee is professor of economics at Seoul National University. His major research topics are economic status and labor-market behaviors of older persons and interactions of ecological environment, socioeconomic status, and health over the life course. His research on the health and retirement of US Civil War soldiers has been published in *American Economic Review*, *Journal of Economic History*, *Explorations in Economic History*, and *Social Science History*. His recent work on the long-term effects of in-utero exposure to the Korean War appeared in *Journal of Health Economics*.

Emily Klancher Merchant is a postdoctoral fellow at Dartmouth College, in the Neukom Institute for Computational Science and the Department of History. Her research focuses on the history of science, technology, and global politics in the twentieth century; historical demography; environmental history; and computational methods of historical research. She is co-editor of *Navigating Time and Space in Population Studies* (2011) and has published in *Journal of Interdisciplinary History*, *Population Research and Policy Review*, and *Proceedings of the National Academy of Sciences*.

James Rice is associate professor of sociology at New Mexico State University. His research and teaching interests bridge the areas of environmental, medical, and organizational sociology. His current research examines the dynamics contributing to and inhibiting organizationally based environmental disasters.
