

New records of injured Cambrian and Ordovician trilobites – ERRATUM

Russell D.C. Bicknell, Patrick M. Smith, Thomas F. Howells, and John R. Foster

<https://doi.org/10.1017/jpa.2022.14>, published online by Cambridge University Press, 5 April 2022

Cambridge University Press apologizes for an error that appears in the published version of this article (Bicknell et al., 2022).

Due to an error during corrections, the published version of [Figure 2.1](#) is an older version that is, due to a graphics creation error, partially obscured by a black overlay. The correct newest version of the figure appears on the following page.
