GUIDELINES FOR CONTRIBUTORS

Business History Review seeks articles drawn from rigorous primary research that address major debates and offer comparative perspectives. We consider the history of entrepreneurs, firms, and business systems, and the subjects of innovation, globalization, and regulation. We are also interested in the relation of businesses to political regimes and the environment.

Manuscripts are considered for publication on the understanding that they are not currently under consideration elsewhere and that the material—in substance as well as form—has not been previously published.

Manuscripts should be submitted by e-mail to bhr@hbs.edu. Authors of accepted manuscripts will receive a copy of the issue in which their article appears and a pdf file.

We encourage BHR authors to make their abstracts available on SSRN after the publication of their articles.

MANUSCRIPT PREPARATION

Authors must remember not to identify themselves in the body of the manuscript; specifically, references to their own work in the text should be in the third person, and citations should be written without possessive pronouns—not “See my . . .”

We use the 16th edition of The Chicago Manual of Style (2010) and spell and hyphenate words according to Merriam-Webster’s Collegiate Dictionary.

Send a bio of three to four sentences, stating affiliation and recent publications.

Each table and figure must be accompanied by a complete source.

When submitting figures, make sure to include the data files. Tables should be prepared in a Word format to facilitate in-house editing.

Authors are responsible for obtaining all illustrative materials and permissions for reproduction, and for writing captions.

The journal encourages authors to use gender-neutral prose in all cases where it is not anachronistic to do so; male nouns and pronouns should not be used to refer to people of both sexes.

We use the day-month-year form for dates in citations, as 11 February 2007.

Double quotation marks should be used for journal article titles and direct quotation; single quotation marks are used for quoted material inside quotations.

SAMPLE CITATIONS

Note that we do not include the publisher in book citations. We do not use loc. cit., op. cit., or idem., but ibid. (not italicized) may be used.
