Bibliography

The bibliography includes all the works and web sites cited in this book, as well as works and sources bearing on forgiveness, political apology, and reconciliation that I have found particularly useful in preparing this study. I have attempted to provide a comprehensive list of philosophical publications and web sources on my central topics, but not a multidisciplinary bibliography of relevant works (for further references, see the web sites mentioned at the end of the bibliography). Web sites cited in this book were valid as of October 8, 2006.
