Published in Association with the Academy Europa

Institutions for contributors

Editorial policy
Each issue of European Review includes a wide range of articles and book reviews of immediate interest to an intellectual readership worldwide. The journal aims to stimulate and develop thoroughgoing debate with contributions from distinguished writers in academic, professional and public life. European Review continues to stimulate the forum for the exchange of ideas and information.

Submissions
Intending authors should first consult the Editor about their plans. Submissions should be sent by email to the Editor, Professor Thoam D’Ama, thomas-dama@ludereon.be. The author’s full postal address, as well as email address, telephone, and fax numbers where available, should also appear on a front sheet in the file. Submissions should be in Word.

Submission of a paper will be taken to imply that it is unpublished and is not being considered for publication elsewhere. Upon acceptance of a paper, the author will be asked to assign copyright (on conditions) to the Academy Europa. Contributors are responsible for obtaining permission to reproduce any material in which they do not hold copyright and for ensuring that the appropriate acknowledgements are included in their manuscripts.

Before you submit your typescript, please check it carefully for factual accuracy and stylistic consistency, as correction at a late stage is expensive and can delay progress. Special care should be taken in checking quotations and bibliographical references for accuracy, especially spelling, accents, page and line numbers.

Manuscripts preparation
Contributors should submit one copy of manuscripts to the editor in Word format – this should include all artwork. Files should be named EDRemaDoc.doc or EDRemaPDF.pdf. Final manuscripts should be submitted in the same way, the name should be changed to EDRemaPDF.doc or pdf. Figures can be submitted as .eps or .tif, or .psd files if the content does not contain a lot of tonal material. Names should use the convention EDW_namedigs.fig

The publisher reserves the right to typset material by conventional means if author’s files prove unsatisfactory.

Layout of manuscript
The title should be brief. It should appear on a separate sheet, with the author’s name typed on the line below the title. Papers should be double spaced into sections and, if necessary, subsections. Authors should submit a brief autobiography of 75–100 words along with the paper.

Mathematical symbols may be hand-written or typed. Gavel letters and unusual symbols should be identified separately in the margin. Dictionaries should be made between letter o and zero, between letter a and alpha. Greek letters and unusual signs should be identified

Submissions should be sent as E-mail attachments to the Editor, Cambridge University Press, or by fax to

Proofs
Authors proofs will be email as pdf files. Authors may request a marked hard copy of pdf scan of marked pages. Typographical or factual errors may only be changed at proof stage. The publisher reserves the right to charge authors for correction of non-typographical errors. Corrected proofs should be returned to the publisher within 48 hours of receipt.

Offprints
Contributors will receive a pdf file of their article.
