Journal of Applied Probability

This is an international journal published by the Applied Probability Trust in association with the London Mathematical Society; it will contain research and review papers on applications of Probability Theory to the biological, physical, social and technological sciences. A volume of approximately 300 pages will be published annually in two half-yearly numbers appearing in June and December.

Submission of papers

Submissions to the *Journal* may be of three kinds:

(1) *review papers* of about 40–50 printed pages in length, surveying a field of Applied Probability; these will be paid for on acceptance at the rate of £stg.100 (\$280) and may possibly be published later in paperback form;

(2) *research papers*;

(3) *short communications* of 2–3 printed pages in the nature of notes or brief accounts of work in progress.

These should be sent to any one of

Editor-in-chief:

J. GANI *Department of Statistics, Michigan State University, East Lansing, Mich., U.S.A.*

Editors:
