#### Subscription Information

The American Journal of Alternative Agriculture (ISSN 0889-1893) is published quarterly by the Institute for Alternative Agriculture, Inc., 9200 Edmonston Road, Suite 117, Greenbelt, MD 20770. The IAA is not responsible for statements and opinions expressed by authors. Subscriptions: Institutions \$40 a year (\$45 foreign); Individuals \$20 a year (\$25 foreign); IAA Members \$15 a year (\$20 foreign); Students \$10 a year (\$15 foreign). Single copies \$6. Application to mail at Second Class postage rate is pending at Greenbelt, MD. Postmaster: Send address changes to American Journal of Alternative Agriculture, 9200 Edmonston Road, Suite 117, Greenbelt, MD 20770.

#### Institute Information

The Institute for Alternative Agriculture is a nonprofit, tax-exempt research and education organization established in 1983 to encourage and facilitate the adoption of low-cost, resourceconserving and environmentally-sound farming methods. It works closely with producer groups, public research and education institutions, and government agencies in promoting a sustainable agriculture system.

Its programs include providing a national information clearinghouse, serving as a voice for sustainable agriculture in Washington, and developing and implementing research and educational outreach programs. It holds an annual scientific symposium and publishes a monthly newsletter.

The Institute is governed by a 12-member Board of Directors, which includes several commercialscale organic farmers, and maintains a small professional staff. It is supported by memberships and donations and grants from foundations, corporations, and individuals.

#### Cover Pboto

The program of the first alternative farming field day at North Carolina State University June 25-26 included a stop in Chatham County at Ayshire Farm, a raised-bed organic vegetable partnership operated by Bill Dow and Laurie Heise.
