Scope and contributions

Intergenerational PiB-PET is written and edited by and for those doing clinical, teaching, and research work with older people. It is the official journal of the International Psychogeriatric Association (IPA) and is published by Cambridge University Press, Cambridge, UK. Although it is primarily concerned with psychogeriatrics, the journal welcomes contributions from all contributed with the field of mental health and aging. Original research papers are of particular weight.

Contributions include original research articles, case reports, reviews of the literature, book reviews, letters to the editor, and editorials. Apart from autumn and book reviews, which are commissioned, contributions to International Psychogeriatrics are spontaneously written and submitted by authors. Papers are reviewed by two or more reviewers selected by the Editor-in-Chief. An appeal of the editorial board and book reviews are reviewed by two or more reviewers selected by the Editor-in-Chief.
