AUSTRALIAN BEHAVIOUR MODIFICATION ASSOCIATION

AIMS

The Australian Behaviour Modification Association (ABMA) is a multidisciplinary professional society. The aims of the Association are:

(a) To organise continuing education and training in the principles and practice of behaviour modification;

(b) To publish and disseminate information to members about developments in behaviour modification in Australia and other countries;

(c) To educate the community in the principles and ethical practice of behaviour modification;

(d) To liaise and consult with other persons or organisations in the teaching and practice of behaviour modification;

(e) To promote the ethical practice of behaviour modification by members;

(f) To organise or assist in the organisation of an annual National Conference on Behaviour Modification.
