(Received 24 June 1991; accepted 24 June 1991)

After this article was published in the June issue of *Journal of Materials Research*, one of the authors noticed that the ordinates in Figs. 9(a) through 9(g) and Fig. 11

were labeled incorrectly. In each of these figures, the ordinate should be Raman Intensity, counts/sec  $\times 10^3$  instead of Raman Intensity, counts/sec.
