Short Communication
Role of targeted magnetic resonance imaging sequences in the surgical management of anterior skull base pathology: S Chawla, J Boerman, M Gandhi, B Fanizza
ASOHNS ASM 2017
67th Annual Scientific Meeting
23 – 26 March 2017
Adelaide Convention Centre, Adelaide, South Australia

Convener’s Invitation

Dear Colleagues

The 67th ASOHNS Annual Scientific Meeting is being held in Adelaide in March 2017, in the newly redeveloped Adelaide Convention Centre. As convener, I am pleased to invite all ASOHNS members to attend what promises to be an excellent meeting.

Our focus is on exploring the latest subspecialty knowledge with particular relevance to the general otolaryngologist. We are being joined by five prominent overseas keynote speakers in the fields of Head, Neck, Facial Plastic, Otology / Neurootology and Head and Neck Surgery.

The theme of our meeting is "Ingenious at Work," reflecting the practical application of state of the art knowledge to our daily practice.

I look forward to welcoming you to Adelaide in 2017.

Michael Schultz FRACS
Convener, ASOHNS ASM 2017

Keynote Speakers

Professor Robert Jackler, MD
Edward C. and Amy H. Bawol Professor in Otorhinolaryngology and Professor, By Courtesy of Neurosurgery and of Surgery, Stanford School of Medicine, Stanford, USA

Professor Stephen Park, MD
Director of the Division of Facial Plastic and Reconstructive Surgery and Professor and Vice-Chairman of the Department of Otolaryngology, University of Virginia, Charlottesville, USA

Professor Eben Rosenthal, MD
John and Ann Doan Medical Director, Stanford Cancer Center, Stanford, USA

Professor Daniel Simmen, MD
Center of Rhinology, Skull Base Surgery and Facial Plastic Surgery, Orl-Zentrum, Hirzlanden Clinic, Zurich, Switzerland

Dr Claudia Vicioli
Director, Department of Head & Neck Surgery of ASL Forlì, Chief OHNS Unit – Forli Hospital and Forlì Hospital, Forlì, Italy

Ingenuity At Work

Medicine
Books and Journals from Cambridge University Press

The Cambridge Medicine programme focuses its book publishing in a defined set of core clinical areas with our great strength in the clinical brain sciences. Other specialties of significant focus include reproductive medicine/obstetrics and gynaecology, anaesthesia and critical care, emergency medicine and pathology.

Our journals programme covers a broad spectrum of medical disciplines including emergency and disaster medicine, epidemiology and infectious diseases, biomedical science, genetics, nutrition, mental health and psychiatry, and neuroscience.

We partner with many learned societies including The Society for Healthcare Epidemiology of America, the Neuroscience Education Institute, and the Royal College of Obstetricians and Gynaecologists.

It’s hard to make a case against the experience and expertise of Avant

This year, many doctors like you will face a medico-legal claim. Without a strong team to defend you, any action could have a massive impact on your career.

As Australia’s leading MDO, Avant has the depth, strength of resources and experience to advise and protect you. With 70 in-house medico-legal specialists, including lawyers, medical advisors, claims managers and local state experts, Avant has more medico-legal experts than any other MDO. It’s hard to make a case against the expertise of Avant.

A claim against you can happen at any time. Don’t wait until it’s too late, call us today.

SUMMARY GUIDANCE FOR AUTHORS

The Journal of Laryngology & Otology (JLO) is a peer-reviewed publication, and is indexed/abstracted in most major databases including Index Medicus, MEDLINE/ PubMed, Science Citation Index, Current Contents and EMBASE.

Only a very brief summary of the submission requirements is presented here: when preparing their manuscripts, authors must consult and comply with the full Instructions for Authors on the JLO website at http://www.jlo.co.uk/docs/submittingarticles.htm

Adherence to these will speed up the editorial process.

All contributions are considered for publication on the understanding that they have been submitted solely to the JLO and that they have not previously been published. Contributions in the following categories will be considered: Main Articles (reporting clinical research or audit), Review Articles, Historical Articles, Short Communications (including ‘How I do it’), Clinical Records (case reports), Radiology/Pathology/Oncology in Focus, and Letters to the Editors.

Submission
All contributions must be accompanied by a covering letter, which must be signed by all authors. Manuscripts should be submitted to the Editors:

• either online via www.jlo.co.uk
• or by post to the Editorial Office, The Journal of Laryngology & Otology, Maybank, Quickley Rise, Chorleywood, Hertfordshire WD3 5PE, UK (Tel/Fax: +44 (0)1923 283561; E-mail j.lo@btconnect.com). Three copies should be submitted, one on floppy disk or CD-ROM (including separate TIFF files of any figures) and two printed on paper (together with two sets of figures).

The text of the manuscript (incorporating all tables and the figures legends, but not the figures themselves) must be saved as a Microsoft Word document or an RTF file (i.e. ‘rich text format’). Use double-spaced, unjustified text throughout. The title page must contain the full title of the paper; the names and qualifications of all authors; the departments(s) and institution(s) where the work was carried out; and the name, postal and e-mail address, and telephone and fax numbers of the author responsible for all communications about the manuscript and proofs. An Abstract (maximum 150 words) and Key words must be provided for all contributions (except Letters).

References should be identified in the text by superscript Arabic numerals and listed at the end of the manuscript in the order in which they are first cited in the text. The tables feature of the word processor should be used to prepare Tables, and both these and the list of Figure legends should appear on separate pages at the end of the manuscript. All Figures must be saved as separate TIFF files at a resolution of 600 dpi.

The authors of all material accepted for publication will be required to assign copyright to JLO (1984) Ltd; a form for this purpose and for ordering offprints will accompany the proofs. The proofs will be sent by e-mail to the corresponding author as a PDF file, and should be corrected and returned within three working days.

This Journal issue has been printed on FSC-certified paper and cover board. FSC is an independent, non-governmental, not-for-profit organization established to promote the responsible management of the world’s forests. Please see www.fsc.org for information.
