

PREFACE

The IAU Symposium No. 62, 'The Stability of the Solar System and of Small Stellar Systems' was held in Warsaw in Poland during the Extraordinary General Assembly of the IAU in commemoration of the 500th anniversary of the birth of Nicolaus Copernicus. The Symposium was sponsored by Commission 7 (Celestial Mechanics) and cosponsored by Commissions 4 (Ephemerides) and 37 (Star Clusters and Associations) of the IAU and by IUTAM. The Organizing Committee included Y. Kozai (Chairman), J. A. Agekjan, A. Deprit, G. N. Duboshin, S. Gąska (Local representative), M. Hénon, B. Morando and C. Parkes (IUTAM representative).

The Symposium was supported financially by the IAU, the IUTAM and the Polish Academy of Sciences.

Y. KOZAI

Chairman of the Organizing Committee
