

## Defending Congress and the Constitution

Louis Fisher

“Fisher is the master of the institutional interests of the U.S. Congress. His important book, the culmination of a career unmatched in its grasp of that institution’s history and constitutional role, should be read by everyone concerned about the performance of American democracy.”—Steven S. Smith, author of *The American Congress*

376 pages, Cloth \$39.95, Paper \$24.95

## Landmark Law Cases and American Society

Peter Charles Hoffer and N.E.H. Hull, series editors

### ***New York Times v. Sullivan*** Civil Rights, Libel Law, and the Free Press

Kermit L. Hall and Melvin I. Urofsky

“By connecting what most commentators have seen as a controversial freedom of press case to the contentious civil rights movement that produced it, Hall and Urofsky have provided new insights into both legal and political history. An excellent and accessible book about an important moment in American history.”—Steven F. Lawson, author of *Civil Rights Crossroads*

232 pages, Cloth \$34.95, Paper \$17.95

### **The Constitutional Rights of Children**

*In re Gault* and Juvenile Justice

David S. Tanenhaus

“A marvelous study that delivers a richly detailed, meticulously analyzed, and elegantly written exploration of the Court’s seminal decision concerning the procedural rights of children. An outstanding book.”—Barry C. Feld, author of *Bad Kids: Race and the Transformation of the Juvenile Court*

176 pages, Cloth \$29.95, Paper \$16.95

**Announcing a new series:**

# **Constitutional Thinking**

Jeffrey K. Tulis and Sanford Levinson, series editors

Books in the series will develop constitutional theory beyond legalistic concerns by examining such matters as institutional development; public policy; and political behavior, culture, and theory. The editorial approach, then, favors a constitutional theory embracing the full range of activities relevant to the making, maintenance, and reform of constitutions and constitutional cultures.

## **Habeas Corpus in America**

### **The Politics of Individual Rights**

Justin J. Wert

By explaining how habeas corpus protections are more contingent than heretofore understood or acknowledged, Wert demonstrates that the Great Writ is a tool of politics and politicians as much as it is a tool of the law and judges. "This is the best history of habeas corpus that I know of," praises Mark Graber. "It both confirms and extends important insights in American constitutional development, as well as providing vital information on a basic constitutional right."

296 pages, Cloth \$34.95

### **FORTHCOMING**

#### **Family, Change, and the American Constitutional Order**

Mark E. Brandon

## Remaking Custom Law and Identity in the Early American Republic

Ellen Holmes Pearson

\$42.50 | CLOTH | JEFFERSONIAN AMERICA

"A fascinating book. The effort to describe and analyze how early nineteenth-century American legal writers understood American law is noteworthy and important. Pearson is a sympathetic and careful reader of this remarkable outpouring of American legal literature. *Remaking Custom* will likely restore to these often forgotten writers the reputation they once deservedly had."—Mary Sarah Bilder, Boston College School of Law

## Inside the Castle

Law and the Family in 20<sup>th</sup> Century America

Joanna L. Grossman & Lawrence M. Friedman

"This wonderful history of twentieth-century family law blows like a strong fresh wind through the fog of myth that pervades debates over traditional families and their decline. Deeply learned but also clear and lively, this book explains how the law of marriage, divorce, parentage, and inheritance has responded to social changes that have eroded old bonds of intimacy and dependence while creating new ones. This is simply the best overview of family law in print."
