RÉPERTOIRE INTERNATIONAL DE LITTÉRATURE MUSICALE

Cumulative Index 4

RILM announces its Fourth Cumulative Five-Year Index.

This single volume indexes the 35,000-plus bibliographic entries of RILM volumes 16 through 20 (1982-86). The RILM Cumulative Index saves research time and makes your RILM Abstracts annual volumes more useful by giving complete access to five years of references through one volume.

Besides indexing the RILM Abstracts annual volumes, the Cumulative provides a quick overview of a wide range of subjects—from Aboriginal music, bluegrass, set theory, and semiotics to Weber, Webern, and wedding music—as well as providing a five-year guide to the work of each scholar.

Also available: The new RILM Thesaurus—A standard vocabulary for music research and bibliography. The Thesaurus enables researchers to use the indexes more thoroughly and efficiently—it is indispensable to scholars and students who use RILM on DIALOG or on the CD-ROM version, MUSE.
