The Journal of Laryngology and Otology

Founded in 1887 by Morell Mackenzie & Norris Wolfenden

Edited by NEIL WEIR

Assistant Editors CAROL WENGRAF, RICHARD RAMSDEN, PETER RHYS EVANS, DAVID PROOPS, VALERIE LUND, HENRY GRANT, ANDREW JONES, GUY KENYON & MICHAEL ROTHERA

Emeritus Advisor in Pathology IMRICH FRIEDMANN

Advisors in Pathology BRIAN MANNERS, CHRISTOPHER MILROY & LESLEY SMALLMAN

Advisor in Audiology LINDA LUXON

Advisors in Radiology GLYN LLOYD & PETER PHELPS

Advisors in Statistics ANTHONY HUGHES & PETER KELLY

Production Editors GILLIAN GOLDFARB & INGA MCKENZIE
Instructions for Authors

1. Original articles which have not been published elsewhere are invited and should be sent to the Editor. They are considered for publication on the understanding that they are contributed to this Journal solely. Reproduction elsewhere, in whole or in part, is not permitted without the previous written consent of the Author and Editor and the customary acknowledgement must be made. Normally an original main article should not exceed 7500 words. However, exceptionally long articles or theses will be considered for publication as Supplements, at the expense of the authors or their employing authorities.

2. Manuscripts should be typewritten in duplicate on one side of the paper only (A4 297 x 210 mm) and double spaced, with wide margins. Begin each component on a new page in the following sequence: title page, abstract, text, acknowledgements, references, tables and legends.

   (a) Abstract—This should contain not more than 150 words and include a statement of the problem, the method of study, results and conclusions: a 'summary' section should not be included in the main manuscript.

   (b) Key Words—only those appearing as Medical Subject Headings (MeSH) in the supplement to the Index Medicus may be used; where no appropriate words are listed those dictated by common sense/usage should be supplied.

   (c) Text—Suggested outline—(1) introduction, (2) materials and methods, (3) results, (4) discussion, (5) conclusion.

   (d) Tables are adjuncts to the text and should not repeat material already presented.

   (e) Illustrations—Two sets of illustrations, one with each copy of the manuscript, must be submitted and all authors should remember that the single column width is 80mm. One set of illustrations should, therefore, not exceed this width and they should ensure that the essential figures are illustrated within this dimension.

   Coloured illustrations will be charged to authors, unless a special grant is authorized by the Editor.

Written permission from the publisher must be provided to the Journal in order to republish material with copyright elsewhere and also from the senior author where necessary.

3. Each manuscript must be accompanied by a letter of declaration to be signed by each author to confirm the originality of the work submitted.

4. Orders for reprints must be sent when returning page proofs, and for this purpose special forms are supplied.

5. Financial disclosures—In the submission letter to the Editor, the authors must list all affiliations with or financial involvement in, organizations or entities with a direct financial interest in the subject matter or material of the research discussed in the manuscript.

6. Declaration. Each manuscript must be accompanied by a letter of declaration to be signed by each author to confirm that they have seen, read and approve the contribution bearing their name.

7. Rejections—All manuscripts which are rejected will no longer be returned to the authors. Those submitting papers should, therefore, ensure that they retain at least one copy and the reference numbers, if any, of the illustrations.

8. The only exception to this will be those manuscripts with colour illustrations which will be returned automatically by Surface Mail.

9. All manuscripts, advertising and business communications should be sent to the editors, or subscription agents.

INTERNATIONAL COURSE RECONSTRUCTION OF THE MIDDLE EAR WITH HYDROXYAPATITE IMPLANTS

May 18 & 19
September 14 & 15
November 23 & 24
1995

UNIVERSITY HOSPITAL LEIDEN
THE NETHERLANDS
ENT-Department
Course director: Prof. dr. J.J. Grote

This course will deal with the eradication of chronic otitis media and reconstruction of the middle ear with hydroxyapatite implants, live surgery and temporal bone laboratory.

The amount of participants will be limited to 10.

Course fee: fl. 1100,-

Details from: Mrs. M.H. Philippo, University Hospital Leiden, ENT-Department, Building 1H, P.O. Box 9600, 2300 RC LEIDEN, THE NETHERLANDS.
Tel: 71-262456/FAX: 71-248124

THE NINTH BRITISH ACADEMIC CONFERENCE IN OTOLARYNGOLOGY

Manchester 9 – 14th July 1995
Master: Mr Andrew W Morrison, FRCS

The next conference will be held in the University of Manchester Institute of Science and Technology. Distinguished invited international contributors will present and discuss recent developments in otolaryngology, head and neck surgery. Main topic sessions will include:

- Sensorineural deafness
- Skull base surgery
- Chronic rhinosinusitis
- Phoniatrics and voice surgery
- Controversies in Head and Neck Surgery
- Controversies in Otology
- Facial plastic surgery
- Carcinoma of the larynx
- Otitis media with effusion
- ORS main topic session
- Controversies in Rhinology
- Facial palsy

Instructional Sessions will be held in small seminar groups, and there will be six Mini-Symposia:

- Allergy
- Cochlear and osseointegrated implants
- Molecular biology and ENT
- Education and training in ENT
- Swallowing, aspiration and dysphagia
- Electrophysiology in ENT

There will be temporal bone dissection demonstrations, a continuous programme of video films, and both Scientific and Trade Exhibitions, together with a full social programme for delegates and spouses. Further details and a copy of the Preliminary Notes may be obtained from the Conference Secretary:

In 1984, The Journal ceased to become a Limited Company with shareholders and instead became a registered charity under the Companies Act, limited by guarantee and without having a share capital. A Memorandum of Association was drawn up and the Association acquired the assets of the Journal of Laryngology and Otology Limited. Former shareholders were invited to become members of the Association and all those who undertook to do so, gave a Guarantee that should the association need to be wound up, they would contribute a sum not exceeding £20.

**Annual General Meeting.** This is normally held each year in early November, and it is to the Members of the Association that invitations are issued. Any individual paying a full subscription who would like to become a member of the Association is asked to write to the Editor, c/o Headley Brothers, confirming that he or she will make such a guarantee of £20 if the occasion were to arise. Applications for membership may be made at any time. It is hoped that more full subscribers will take up this offer and attend the Annual General Meeting so that there can be a more lively exchange of views between them, and the Editorial staff and publishers.

**The Journal of Laryngology and Otology**

An international journal founded in 1887.

A leading international journal, published monthly, and containing original scientific articles and clinical records in all fields of Otology, Rhinology and Laryngology.

Distributed by subscription to Surgeons, Consultants and Students throughout the United Kingdom and to many overseas countries.

**Note to Advertisers:**

NON-SEDATIVE CONTROL

Presentation: A white, round tablet imprinted "DUPHAR" on one face, "DUPHAR" on the reverse, each tablet containing 16mg betahistine dihydrochloride. Available in packs of 84 tablets. Basic NHS price £1.00. P.L.055120000.

Indications: Vertigo, Migraine and hearing loss associated with Ménière's syndrome.

Dosage and Administration: Adults (including the elderly): Initially one tablet three times daily. Tolerated well by the majority of patients. Maintenance dose: 24-48mg daily. Children: No dosage recommendations are made for children.

Contra-indications, Warnings, etc. Contra-indications: Hypersensitivity, Phaeochromocytoma. Precautions: Caution is advised in the treatment of patients with a history of peptic ulcer. Clinical intolerance to Serin in bronchial asthma patients has been shown in a relatively few patients and therefore caution should be exercised when administering betahistine to patients with bronchial asthma. The usual precautions should be observed when administering Serin to patients in pregnancy.

Side-effects: Relatively few side-effects have been reported; they include gastro-intestinal upset, (including dyspepsia), headache, skin rash and pruritus.

Legal Category: POM.

Further information is available from the Product Licence holder, Duphar Laboratories Limited, Gates Hill, West End, Southampson, SO18 3JD. Tel: 0703 472281.

A member of the Solvay Group.

Date of preparation: August 1984.
