The original version of this article incorrectly listed it as a Research Article rather than as an Introduction, an error for which we would like to apologise. It is in fact the introduction to our Special Issue on Natural Resources and Economic Development. A footnote has been added to the article in question reflecting this correction.

Similarly, we have updated the cover and table of contents for Volume 23, Issue 5 to reflect the contributions of the guest editors, John Cockburn, H el ene Maisonnave and Luca Tiberti.
