Aims and Scope
The British Journal of Nutrition is an international, peer-reviewed journal publishing original papers, review articles, short communications and technical notes on human and clinical nutrition, animal nutrition and basic science as applied to nutrition. Correspondence is encouraged in a Nutrition Discussion Forum. The Journal recognizes the multidisciplinary nature of nutritional science and encourages the submission of material from all of the specialties involved in research and clinical practice. The Journal also publishes supplements on topics of particular interest.

The British Journal of Nutrition is published twice monthly by Cambridge University Press on behalf of The Nutrition Society.

The British Journal of Nutrition is available online to subscribers at journals.cambridge.org/bjn

Tables of contents and abstracts are available free at the same website.

Editor-in-Chief
J C Mathers, Newcastle University, UK

Deputy Editors

UK Advisory Board
A J Sinclair, University of Reading, UK
K G Jackson, University College London, UK

The Nutrition Society has as its objective the advancement of the scientific study of nutrition and its applications to the improvement of human and animal health.

Applicants for membership are invited from anyone whose work has contributed to the scientific knowledge of nutrition, whether such work has been in the laboratory, the field or the clinic, and especially clinical, agricultural or statistical in nature. There is also a student membership scheme with reduced subscriptions.

Participation of The Nutrition Society and application forms for membership are available from The Nutrition Society, 10 Cambridge Court, 210 Bishopsfield Road, London W6 7NJ, UK. Tel: +44 (0)20 7602 0228, Fax: +44 (0)20 7602 1756, Email: office@nutsoc.org.uk
