Diebold (University of Pennsylvania), Steven Durlauf (University of Chicago), Douglas Gale (New York University), smartphones (Steklov Institute of Mathematics, St. Petersburg), Kevin Huang (Vanderbilt University),Fadeev, Jianjun Miao (Brandeis University), Robert J. Shiller (Yale University), Francesco Zanetti (University of Calgary, Canada). Contributions: Contributions are welcome from all countries. They should be written in English. Aims and Scope/Editorial Policy. The journal publishes research of the highest theoretical, empirical or qualitative standards which appears to be of lasting usefulness to the professional community. Quality is welcomed from all areas of macroeconomics and from all parts of the world, as long as the research is found in a rigorous scientific approach. Major advances in macroeconomics without imme- diate policy applications are also accepted, if they show potential for application in the future. Occasional book reviews, announ- cements, conference proceedings and inter- views are also published. Special issues appear in the journal’s Supplements Series, having its own Special Issues Editors. An electronic version of the journal will be published simultaneously with the paper version enabling immediate access to the best current research in Macroeconomics. Home Page. The journal has a home page on the web which is a source of further information about the journal. The location of the home page is http://econ.lse.ac.uk/mac. Information about Macroeconomic Dynamics may also be viewed at www.journals.cambridge.org. Manuscript Submissions. The submission procedure for this journal has been converted to electronic uploading of all figures in the journal. To submit, follow the ins- tructions provided at http://www.journals.cambridge.org. Manuscript Notes to the Title or Authors. Questions about the submission procedure can be directed to the Managing Editor, Information System Manager, Stephen Spear, or to the Editorial Office, at Elsevier Ltd., telephone, fax and e-mail numbers of the corresponding author will receive page proofs for final proofreading. These should be checked and returned within five days of receipt. The publisher reserves the right to abbreviate titles. Notes for Contributors. Notes follow the same style as citations throughout the text and typed in a size of 9-point type or other work at the end of the paper, indicating in the body of the text that it has been included. Footnotes for Notes to the Title or Authors. Footnotes may be used. These should be numbered consecutively throughout the text and typed in a size of 9-point type or other work at the end of the paper, indicating in the body of the text that it has been included. Footnotes for Notes to the Title or Authors. Authors should provide the article, author names (in the form preferred for publication) and footnotes to the title or authors, indicated by superscript “*, **, ***”. EDITORIAL POLICY

*Macroeconomic Dynamics* publishes research of the highest theoretical, empirical or quantitative sophistication. Papers of high quality are welcomed from all areas of advanced macroeconomics and allied fields, so long as the research is founded in a rigorous scientific approach. Major advances in macroeconomics without immediate policy applications also are accepted, if they show potential for application in the future. Occasional book reviews, software reviews, announcements, conference proceedings and interviews are published.

An electronic version of the journal is published just prior to the paper version at [cambridge.org/mdy](http://cambridge.org/mdy). Access to the full-text articles of the electronic version will be limited to institutional subscribers of the hard copy version of the journal, with access available to all online users at that institution’s registered domain. Tables of Contents, abstracts, searching and alerting services will remain free of charge. To view the full text of *Macroeconomic Dynamics*, you will need to use the Adobe Acrobat Reader software. If you do not have a copy already, you can get it free of charge. Just follow the link from our Cambridge Core home page, download it, and install it as a plug-in helper application for your browser.
