ON MUSIC

CONTEMPORARY COMPOSERS
SERIES

edited by SCOTT GODDARD

ERIK SATIE

Rollo H. Myers

Demy 8vo; Illustrated; Musical Examples;
8s 6d net

'Erik Satie has been so much misunderstood and misrepresented not only here but in his own country that a full-length portrait of him is particularly welcome. Mr. Rollo Myers's book is written with clarity and great authority. Extremely well documented and amusingly illustrated with photographs and reproductions of Satie's own works . . . it is the most complete and extended study of this enigmatic figure we have been given.'

—TIMES LITERARY SUPPLEMENT

MAURICE RAVEL

Roland-Manuel

Demy 8vo; Illustrated; Musical Examples;
8s 6d net

'An intimate friend and pupil of Ravel, Monsieur Roland-Manuel has had access to authentic information on the Ravel family, on the influence of his teachers at the Paris Conservatoire, notably that of Fauré, and on his aesthetic and literary interests . . . The man and his music are brought to life in many such carefully drawn vignettes, apprecia-

tive and sympathetic for the most part, or when the occasion demands, appropriately caustic . . .

—THE LISTENER

SERGEI RACHMANINOV

John Culshaw

Demy 8vo; Illustrated; Musical Examples;
8s 6d net

'Mr. John Culshaw . . . perceives from the start his subject's limitations . . . He nowhere makes excessive claims for Rachmaninov and he is discriminating in his judgments of particular works . . . Analysis and a *catalogue raisonné* of compositions do not make enthralling reading but are valuable for reference. Mr. Culshaw handles this, the more tiresome side of the critic's business, with dispatch and discretion. His chapter on the songs is particularly valuable and he calls attention to some other of Rachmaninov's works which are invariably overlooked, at least in Britain, when this limited yet gifted musician is being assessed.'

—TIMES LITERARY SUPPLEMENT

BOHUSLAV MARTINU

Milos Safranek

Demy 8vo; Illustrated; Musical Examples;
8s 6d net

'Martinu is one of the most interesting and incalculable of living composers, but hitherto the English

and American public has had singularly little to read about him. In the biographical side alone the author has a story worth telling . . . Martinu's subsequent development as a great artist is clearly and sympathetically traced with excellent pictorial and music-type illustrations; and the breadth of his interests, the vigour of his intellectual life, his roots in the future of humanity are convincingly brought out. One of the most valuable chapters deals with Martinu's method of work.'

MONTHLY MUSICAL RECORD

ILDEBRANDO PIZZETTI

Guido M. Gatti

Demy 8vo; Illustrated; Musical Examples;
10s 6d net

The author of this book is the founder and editor of *Rassegna Musicale*, and he brings to his task of elucidation and comment not only an enthusiasm for Pizzetti's music, but also a thorough knowledge of it. The larger part of the analysis of the composer's works is taken up with opera, but the reader who turns to those chapters that deal with the chamber works, the songs, and the choral works will discover that Pizzetti's mind, naturally stimulated though it is by the stage, is also deeply moved to expression in other styles of composition.
