ADVANCES IN APPLIED PROBABILITY

This is an international journal published by the Applied Probability Trust and a companion publication to Journal of Applied Probability. It contains mathematical and scientific papers of interest to probabilists, with emphasis on applications in a broad spectrum of disciplines. An annual volume is published in four issues appearing in March, June, September and December.

EDITORIAL BOARD
Editor-in-Chief
P. G. TAYLOR (University of Melbourne)

Coordinating Editors
J. BLANCHET (Stanford University)
O. J. BOXMA (Eindhoven University of Technology)
P. JAGERS (Chalmers University of Technology and University of Gothenburg)
I. MOLCHANOV (University of Bern)
R. VAN DER HOFSTAD (Eindhoven University of Technology)

Editors
H. ALBRECHER (University of Lausanne)
N. TORRADO (Universidad Autónoma de Madrid)
N. BAUERLE (Universität Karlsruhe)
R. WILLIAMS (University of California, San Diego)
S. BHAMIDI (University of North Carolina)
J. E. YUKICH (Lehigh University)
P. CALKA (University of Rouen)
B. ZWART (CWI)
M. DEIJFEN (Stockholm University)
A. B. DIEKER (Columbia University)
M. SCARSINI (LUISS)

Coordinating Editors
P. G. TAYLOR (University of Melbourne)

Editor-in-Chief
R. VANDER HOFSTAD (Eindhoven University of Technology)

EDITORIAL BOARD
Editor need not include these. To assist authors in writing papers in the Applied Probability style, they using the 2010 Mathematics Subject Classification scheme (http://www.ams.org/msc/). Letters to the Editor need not include these. To assist authors in writing papers in the Applied Probability style, they may use the \LaTeX class file appjournals.cls, available from http://www.appliedprobability.org/. Use of this class file is not a condition of submission, but will considerably increase the speed at which papers are processed.

Papers should be submitted electronically through ScholarOne at https://mc.manuscriptcentral.com/apjournals. All submissions will be acknowledged on receipt.

Copyright
The copyright of all published papers is vested in the Applied Probability Trust. When a paper is accepted for publication, the Trust asks the authors to assign copyright by signing a form in which the terms of copyright are listed. Failure to do this promptly may delay or prevent publication.

Authorisation to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by the Applied Probability Trust for libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the corresponding processing and royalty fees (see http://www.copyright.com) are paid directly to CCC, 222 Rosewood Drive, Danvers, MA 01923, USA. 0001–8678/19

NOTES FOR CONTRIBUTORS

A submission to Applied Probability is considered as a submission to either Journal of Applied Probability (JAP) or Advances in Applied Probability (AAP). Longer papers are typically published in AAP, but the assignment of papers between the two journals is made by the Editor-in-Chief on an issue-by-issue basis. Short communications and letters specifically relating to papers appearing in either JAP or AAP are published in JAP.

Papers submitted to the Applied Probability journals are considered on the understanding that they have not been published previously and are not under consideration by another publication. Accepted papers will not be published elsewhere without the written permission of the Trust. Submitted papers should be in English. It is the author’s responsibility to ensure an acceptable standard of language, and a paper failing to meet this requirement may go back to the author for rewriting before being sent out for review.

Papers should include: (i) a short abstract of 4–10 lines giving a non-mathematical description of the subject matter and results; (ii) a list of keywords detailing the contents; and (iii) a list of classifications, using the 2010 Mathematics Subject Classification scheme (http://www.ams.org/msc/). Letters to the Editor need not include these. To assist authors in writing papers in the Applied Probability style, they may use the \LaTeX class file appjournals.cls, available from http://www.appliedprobability.org/. Use of this class file is not a condition of submission, but will considerably increase the speed at which papers are processed.

Papers should be submitted electronically through ScholarOne at https://mc.manuscriptcentral.com/apjournals. All submissions will be acknowledged on receipt.
