The Society for Healthcare Epidemiology of America

1995 SHEA/CDC/AHA

Training Course in Hospital Epidemiology

Program

The program will be held October 14-17,1995 at the Hotel Inter-Continental, Miami, Florida. Timothy W. Lane, M.D.. William Martone, M.D.. and Gina Pugliese. R.N., M.S., will co-chair the program.

Purpose

This program, developed by the Society for Healthcare Epidemiology of America (SHEA), the Centers for Disease Control and Prevention (CDC), and the American Hospital Association (AHA), is intended for infectious disease fellows and new hospital epidemiologists. It emphasizes hands-on exercises in which participants work in small groups to detect, investigate, and control epidemiological problems encountered in the hospital setting. These work sessions are supplemented with lectures and seminars covering fundamental aspects of hospital epidemiology including epidemiology and surveillance, epidemic investigation, transmission and control of nosocomial Infections, disinfection and sterilization, employee health, isolation systems. regulator) compliance, and quality improvement.

Who Should Attend

You should attend if you are a hospital epidemiologist or an infection control practitioner or if you are looking for a course that will provide you the most current information concerning infection control practices and epidemiological methods in health care. This fundamental program will provide you with the opportunities to find solutions to real situations that will occur in the hospital setting. Intensive problem solving sessions are supplemented with lectures and seminars presented by leading authorities.

Scholarships

Scholarships in the amount of \$1.000 will be awarded to up to ten infectious disease fellows for the program to defray the special course fee for fellows of \$350 and expenses incurred in attending the training program.

Interested fellows must submit a letter of no more than one page describing why they would like to have additional training in hospital epidemiology A letter from the fellow's program director outlining the applicant's qualifications and suitability for the course also is required. The deadline

The SHEA Educational Activities Committee will select the scholarship recipients based on review of these letters. Winners will be notified in earl) September, 1995.

Nominations

Please send scholarship applications to:

Timothy A. Lane, M.D. c/o The Society for Healthcare Epidemiology of America 875 Kings Highway. Suite 200 Woodbury, NJ 08096-3172

Fees

Individual Registrants \$495 Fellows in Infectious Disease \$350

Credits

The Centers for Disease Control and Prevention (CDC) is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

The Centers for Disease Control and Prevention designates this continuing education activity for up to 21 hours in Category 1 of the Physician's Recognition Award of the American Medical Association.

General Course Information

Information regarding the schedule, hotel and travel accommodations.' discount airfare, and course fees are available from SHEA (609) 845-1720. Note that application for a scholarship does <u>not</u> constitute enrollment in the program. This must be done separately.

Scholarship Awards provided in part by an educational grant from SmithKline Rescham

Solution: Who says you have to sacrifice comfort for protection? Introducing the KIMBERLY-CLARK@ Impervious Comfort Gown.

The outside is quilted film for outstanding protection. The inside is soft fabric for comfort. The design is open-back with either thumb hooks or knit cuffs.

In use tests, staff found

KIMBERLY-CLARK® Impervious

Comfort Gowns to be cool and light. In fact, they'd even wear them when it wasn't necessary

These gowns are a good choice if you want to standardize on one gown that will provide maximum protection with comfort in ICU, decontam, endoscopy and E.R.

While we're on the subject,
Kimberly-Clark has a complete
family of gown options designed
to help you reach your desired
outcome at the lowest cost-per-use.

Ask your Kimberly-Clark rep or call 1-800-KC-HELPS to receive a brochure on many of the infection control products available from Kimberly-Clark.
