Revista de Historia Económica - Journal of Iberian and Latin American Economic History (RHE-JILAEH) welcomes contributions with comparative approaches, especially those that include a wide geographical or global coverage. The journal will promote the presentation of new topics, ideas and perspectives from the different social sciences, notably new historical and economic methods. RHE-JILAEH publishes original research papers on economic history, economic thought and all those areas of economics concerned with long-term analysis. The geographical area addressed in these papers should preferably cover Spanish and Portuguese speaking countries and wider areas including any of these countries.

RHE-JILAEH is pleased to announce that it has been ranked 14th out of 69 journals in the history category, with an impact factor of 0.545 in the latest (2012) Thomson-Reuters Journal Citation Report®. We are also indexed in the History of Social Science category, as well as in History and Economics.

# Business History Review

Published for The President and Fellows of Harvard College

### Editors

Walter A. Friedman, Harvard Business School, USA Geoffrey Jones, Harvard Business School, USA

The pioneering journal in its field, *Business History Review* began publication in 1926 as the *Bulletin of the Business Historical Society. BHR* seeks to publish articles based on rigorous primary research that address major topics of debate, offer comparative perspectives, and broaden consideration of the subject. We are interested in the history of entrepreneurs, firms, and business systems, and in the subjects of innovation, globalization, and regulation. We also explore the relation of businesses to political regimes and to the environment.
