

NOTE

by A.G. DAVIS PHILIP and J.-P. SWINGS

The following three papers are not reproduced in the present Highlights since they can be found in Number 7 of the Standard Star Newsletter edited by Laura PASINETTI :

- A Study of the Solar Analogs in the Ultraviolet, by L. ROSSI, A. ALTAMORE, and C. ROSSI;
- Photometry of Comet Halley : Solar Analogs Selected along the Path, by M. FRACASSINI, and L.E. PASINETTI;
- Does a Solar Twin Really Exist ?, by M.L. MALAGNINI, C. MOROSI, and R.L. ROSSI.
