5th RADIOThERAPY IN PrACtice & 2nd ADVANCED
PrACtice (RadioTherapy & Oncology)
CoNFerences

Friday 8th, Saturday 9th and Sunday 10th October 2010.

Is it for you? - This conference is aimed at all health care professionals practising in Radiotherapy and Oncology as well as students undertaking postgraduate, pre-registration and professional development studies.

What is it about? - The conference will explore key issues relating to advanced practice, technological advancements and innovation in radiotherapy, service user involvement and workforce imperatives, CPD as well as the education, professional development and research activities of practitioners.

The overarching conference theme is ‘Making It Happen.’

The RP5 conference themes are:
- Innovation in Practice
- Workforce Development
- Technical Advances
- Education & Training
- Research & Audit
- Service User Involvement
- Site specific focus - Breast & Prostate (this does not exclude submissions on other sites/diseases within the other themes above)

The AP2 conference themes are:
- Definition of and philosophical approaches to advanced practice;
- Sharing experience (internationally) of advance practice roles and working;
- Education and training for advanced practice;
- Barriers and enablers for advanced practice;
- Managing and developing a service incorporating advanced practitioners

The weekend’s workshops, exhibition and social events will also enable you to establish and maintain contact with fellow professionals in an informal manner.

What should you do? - Reserve the weekend of October 8th, 9th and 10th 2010 in your diary NOW.
Would you like to present a paper or poster, have a presence at the exhibition?
Would you like to register as a delegate? You can do so via the conference website, where further information is also available: http://www.shu.ac.uk/radiotherapyconference

If you require further information, please contact David Eddy (Chair - Conference Organising Committee) by e-mail (D.Eddy@shu.ac.uk) or telephone +44 (0) 114 225 2379.

Aims and Scope

The *Journal of Radiotherapy in Practice* is a peer-reviewed journal covering all of the current modalities specific to clinical oncology and radiotherapy. The Journal aims to publish quality research from a wide range of styles and encourage debate and the exchange of information and opinion from within the field of radiotherapy practice and clinical oncology. The Journal also aims to encourage technical evaluations and case studies as well as equipment reviews that will be of interest to an international radiotherapy market.

The *Journal of Radiotherapy in Practice* aims to provide an easily available forum for education matters by publishing regular high-standard Continuing Professional Development articles.
