Animal Health Research Reviews

Contents

Editorial: Systematic reviews reveal a need for more, better data to inform antimicrobial stewardship practices in animal agriculture
Jan M. Sargeant, Annette M. O'Connor and Charlotte B. Winder ................................................. 103

How to read and interpret the results of a Bayesian network meta-analysis: a short tutorial

Systematic reviews and meta-analyses in animal health, performance, and on-farm food safety: a scoping review
Rachael Vriezen, Jan M. Sargeant, Ellen Vriezen, Mark Reist, Charlotte B. Winder and Annette M. O'Connor ................................................................. 116

Non-antibiotic approaches for disease prevention and control in beef and veal production: a scoping review
Lee V. Wisener, Jan M. Sargeant, Annette M. O'Connor, Terri L. O'Sullivan, Scott A. McEwen, Andrea Nwosu and Tanya M. Rossi ....................................................... 128

A systematic review and network meta-analysis of bacterial and viral vaccines, administered at or near arrival at the feedlot, for control of bovine respiratory disease in beef cattle

A systematic review and network meta-analysis of injectable antibiotic options for the control of bovine respiratory disease in the first 45 days post arrival at the feedlot

Comparative efficacy of teat sealants given prepartum for prevention of intramammary infections and clinical mastitis: a systematic review and network meta-analysis

Comparative efficacy of antimicrobial treatments in dairy cows at dry-off to prevent new intramammary infections during the dry period or clinical mastitis during early lactation: a systematic review and network meta-analysis
Comparative efficacy of blanket versus selective dry-cow therapy: a systematic review and pairwise meta-analysis

Comparative efficacy of antimicrobials for treatment of clinical mastitis in lactating dairy cattle: a systematic review and network meta-analysis

The efficacy of litter management strategies to prevent morbidity and mortality in broiler chickens: a systematic review and network meta-analysis

The efficacy of antibiotics to control colibacillosis in broiler poultry: a systematic review

Jan M. Sargeant, Michele D. Bergevin, Katheryn Churchill, Kaitlyn Dawkins, Bhumika Deb, Jennifer Dunn, Catherine M. Logue, Anastasia Noey, Annette M. O’Connor, Mark Reist and Charlotte B. Winder ............... 263

Efficacy of bacterial vaccines to prevent respiratory disease in swine: a systematic review and network meta-analysis

A systematic review of the efficacy of antibiotics for the prevention of swine respiratory disease

Quality assessment of systematic reviews and meta-analyses that examine preventive antibiotic uses and management practices designed to prevent disease in livestock

Rachael Vriezen, Jan M. Sargeant, Ellen Vriezen, Charlotte B. Winder and Annette M. O’Connor .......................... 305
